

# Веб-сайта агентства

The image shows a Figma design tool interface with a website layout for 'Head Hunter'. The browser tabs at the top include 'Курс: МДК 08.01 Груп', 'Опубликовано видео', '(884) Входящие - По...', 'Agency Website Temp', and two instances of 'Head Hunter \_ Freebie'. The address bar shows the Figma file URL: 'figma.com/file/PkULhut14qvlv7vLs4uWa2/Head-Hunter\_-\_Freebie-Figma-Template-(Community)?node-id=9%3A71'. The design tool toolbar is visible, and the 'Layers' panel on the left lists 'Cover 1', 'HH iPhone', 'HH 2 version', and 'HH 1 version'. The main canvas displays a website design with a white background and a blue border. The design includes a logo 'hh' in a red circle, navigation links 'New York', 'For job seekers', and 'For employers', and buttons 'Create a resume' and 'Sing In'. The main content area features the text 'Head Hunter' and 'Job for everyone', a search input field with the placeholder 'Profession, position or company', and a 'Find a job' button. The design is composed of several circular elements, some containing portraits of people and others filled with solid colors (red, black, white). The 'Properties' panel on the right shows dimensions of 1440px width and 813px height, and a radius of 30px. The 'Colors' panel lists colors #000000 and #FFFFFF. The 'Borders' panel shows a 6px outer border with color #000000. The 'Code' panel is also visible. The bottom of the screen shows the Windows taskbar with various application icons and the system tray displaying the time 0:09 and date 29.09.2022.
