- ✓ TS 5000 (L)

Doorcloser accessories :

- ✓ Standard glide rails and hinged top arms
- ✓ T-stop glide rail
- ✓ ISM (L) for double doors
- ✓ Mounting plates

# Color Update – Lift slide handles

## Horizon handles – lift slide

Because of the specific shape of the horizon handles, the production process of color anodization has proven to be difficult and unstable.

In order to provide high quality articles, we agreed with the supplier to only deliver natural anodized lift slide handles.

Reduction in product offer

# Certification update – handles

Handles – burglar proof RC2

Extend product solutions

Market interest in **safety solutions** is continuously growing.

In close collaboration with the notified body WTCB, we can exclusively offer **Touch, Horizon** and **Contour** on our certified RC2 windows, doors or sliding elements.

Ultimately resulting into more design freedom for the architect and end user.

# Documentation – fabricator brochure updates

## Hardware & accessories – windows

Our colleagues of the Marketing & Communication department are working very hard on the new website.

Unfortunately this means that new information currently cannot be added to the customer portal.

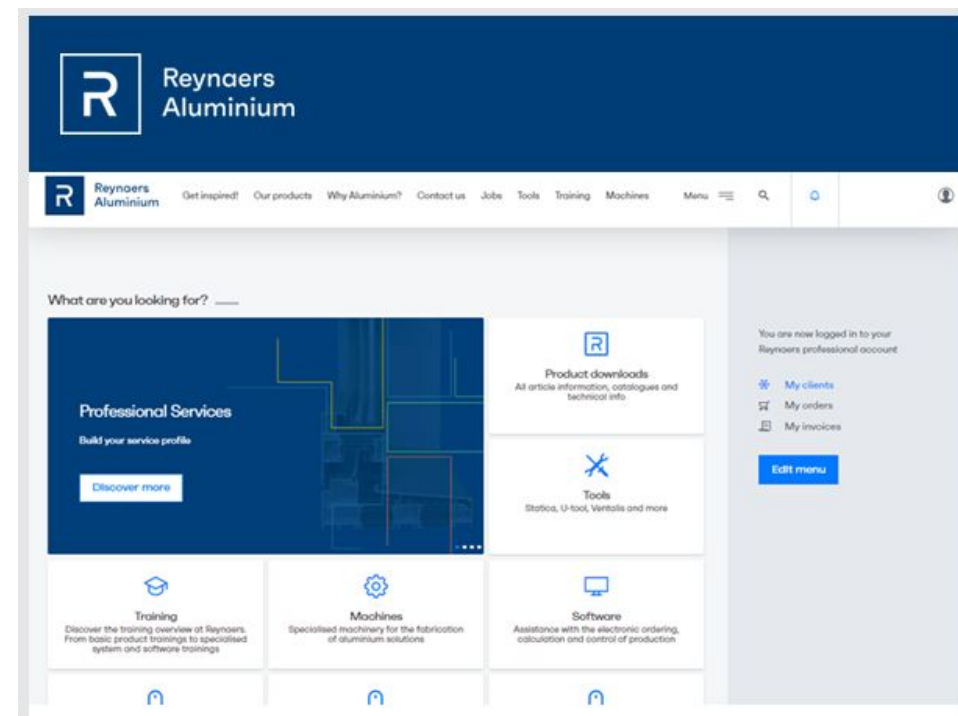

In the meanwhile you can download the full folder with new hardware plans via a Wetransfer link.

Don't hesitate to download the folder and inform your customers / fabricators.

# Proposal to cancel

Hardware & accessories – article maintenance

Proposal to cancel

Through targeted article follow-up we regularly make product analyses and try to optimize stock management.

As a result we propose a list of **cancel candidates**.

Please evaluate carefully and respond before the 8<sup>th</sup> of July if you foresee problems for your market.

We will review your comments and take contact to discuss when necessary.

Start google form by clicking on the link on the release page.
