

A close-up, low-angle shot of a weathered wooden sign. The sign is light-colored wood with a dark border and is mounted on a post. The word "HOGWARTS" is carved into the wood in a large, black, serif font. The sign is slightly tilted upwards and to the right. In the background, there is a dark, out-of-focus setting with a blueish-purple light source on the left, possibly a lantern or a window. The overall mood is mysterious and magical.
