Формы инфинитива

Различают два типа инфинитива:

- а) **"to"-инфинитив** (to - infinitive) – это корневая (основная) форма глагола с частицей to, Например: to stay, to go
- б) **инфинитив без to**, или **"голый" инфинитив** (bare infinitive), – это корневая (основная) форма глагола. Например: stay, go

Мы употребляем инфинитив без to:

- ◆ после **модальных глаголов** (can, must и т.д.),
Например: You **can** go home now.
- ◆ после глаголов **let** и **make** (в значении "заставлять").
Например: My parents **let** me have a party for my birthday last month.

Мы употребляем **"to"-инфинитив**:

- ◆ после глаголов **advise, agree, decide, expect, hope, manage, offer, promise, refuse, seem, want** и т.п.,
Например: He **refused to answer** my question.
- ◆ после **be + прилагательное** (glad, happy, nice, sorry и т.п.),
Например: It is **nice to be** back home.
Jack **will be glad to see** you.
- ◆ после таких глаголов, как **know, learn, remember, ask, want to know** и т.п., если за ними следует вопросительное слово (who, what, where, how и т.п.). В утверждениях после **"why"** следует не инфинитив, а подлежащее + глагол,
Например: I **don't know how to answer** this question.
Но I **didn't know why he was crying**.
- ◆ со словами **too** и **enough**,
Например: It's **too cold to go** outside.
Joe **isn't old enough to vote**.
- ◆ для того, чтобы выразить цель.
Например: I went to the florist's **to buy** some flowers.
