

My ideal school day

Dolgushina Nastya
7 D

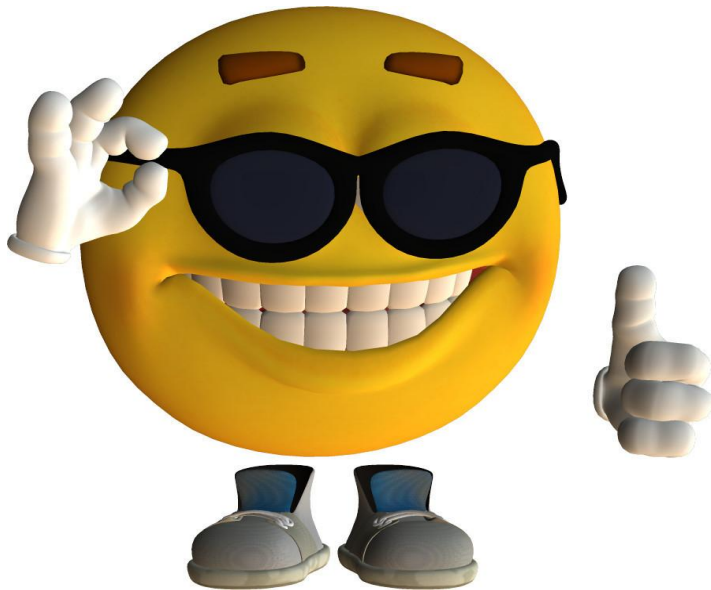

1.

- My ideal school day starts with a good mood if we have only 5 lessons..

2.

- the second lesson we have is technology, where we go through how technology works.

3.

- after that, I have a physical education lesson, where I play with classmates and run, I really like to run! 😊

4.

- after that, we have an English lesson, where we see the best teacher

5.

- and then we go to the dining room, where they give us a normal warm meal (without worms)

I eat in the dining room...

What would I eat every day..

- I would not refuse rolls, and dumplings with cheese 😊

6.

- then there is a drawing lesson where we are taught to draw:_)

7.

- and the last lesson is social studies, where we learn a lot of interesting information!
