

My best friend

I have a best friend, his name is Danil Shekhov. He is 15 years old and he is still too young

His appearance is beautiful. He has blue eyes and brown hair

He likes to play sports. He doesn't like people who smoke and drink. All his friends are against smoking. We have a lot in common, I also love sports and am against smoking

The background features a gradient from dark red at the top to bright orange at the bottom. A complex, multi-layered wireframe pattern of thin white lines is overlaid, creating a sense of depth and movement. The lines form various geometric and organic shapes, including a large, curved structure on the right side that resembles a funnel or a lens.

The End
