FROM HISTORY

SUPRATEN Group is a leader in the production of paint and varnish materials and dry building materials in Moldova.

SUPRATEN was founded in 1997.

GERMAN TECHNOLOGIES

Repair and construction materials and building mixes SUPRATEN are produced using German technology. At the request of SUPRATEN, German colleagues develop formulations of materials, which are then tested in Germany. All raw materials are imported from countries near and far abroad — Russia, Ukraine, Germany, Switzerland, Italy, Romania, Poland.

RELIABLE PARTNERSHIP

SUPRATEN has an extensive network, which includes more than 400 companies from all over Moldova and is always ready to cooperate with new partners.

SUPRATEN has many regular customers among construction companies and well-known enterprises in Moldova

EDUCATIONAL WORK

Work. Then as a training and demonstration center - the only one of this level in Moldova. SUPRATEN Company, together with the Ministry of Education of the Republic of Moldova, develops and implements training programs in construction professions for university students, construction colleges, as well as vocational schools. SUPRATEN works closely with educational institutions in Moldova, contributing to the training of highly qualified specialists.

CHARITABLE ACTIVITIES

In addition to their role as a manager in the Social Rehabilitation Center for Children "Casa Gavroche", they provide financial assistance to other orphanages, boarding schools, schools, veterans' organizations, disabled people and individuals.

SUPRATEN constantly monitors the development of the market, and this allows them to be one step ahead of their competitors, offering customers the best products.
