account.

**Settings**

Organize the dashboard

ashboard.

**Guide**

Dashboard to use the

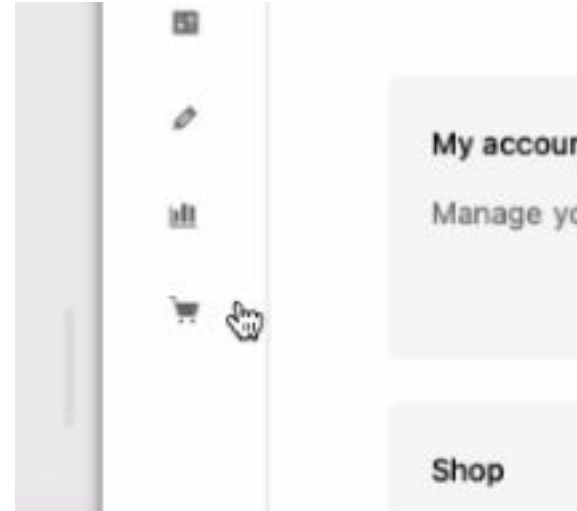

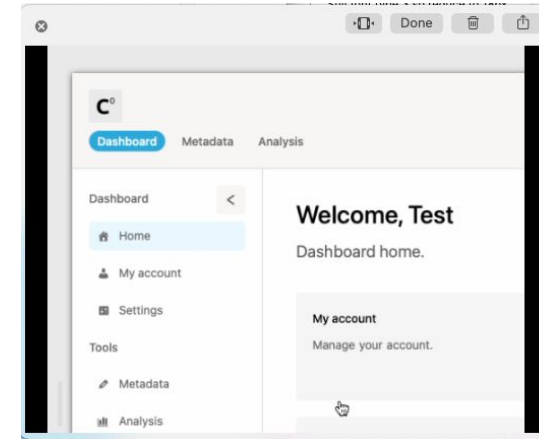

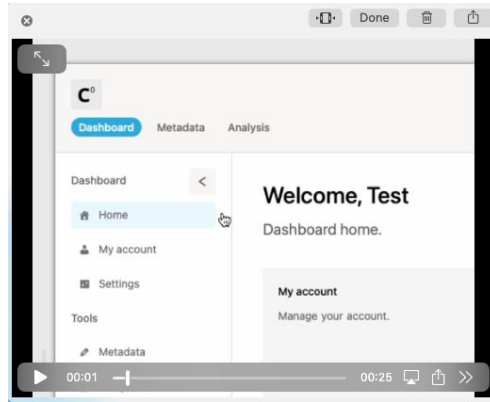

n site.

Notes: check boxes and other items are only accessible/active when hovering above them, rather than slightly below or above them etc. (areas identified: homepage, sidebar, and dropdown toggle)

Figma section: -

Examples:

Notes: check links direct to right pages (areas identified: homepage ('Settings', 'Shop', 'Guide', 'Landing') and 'Shop' in the main menu bar. For Conduce, just link 'Guide' to docs.conduce.io

Figma section: -

Examples: -

Notes: minor tooltip adjustments: 'Dashboard home' is a bit lower than 'Support, sign out, and more' and 'Organise the dashboard settings' a bit wider than the other sidebar ones

Figma section: N5

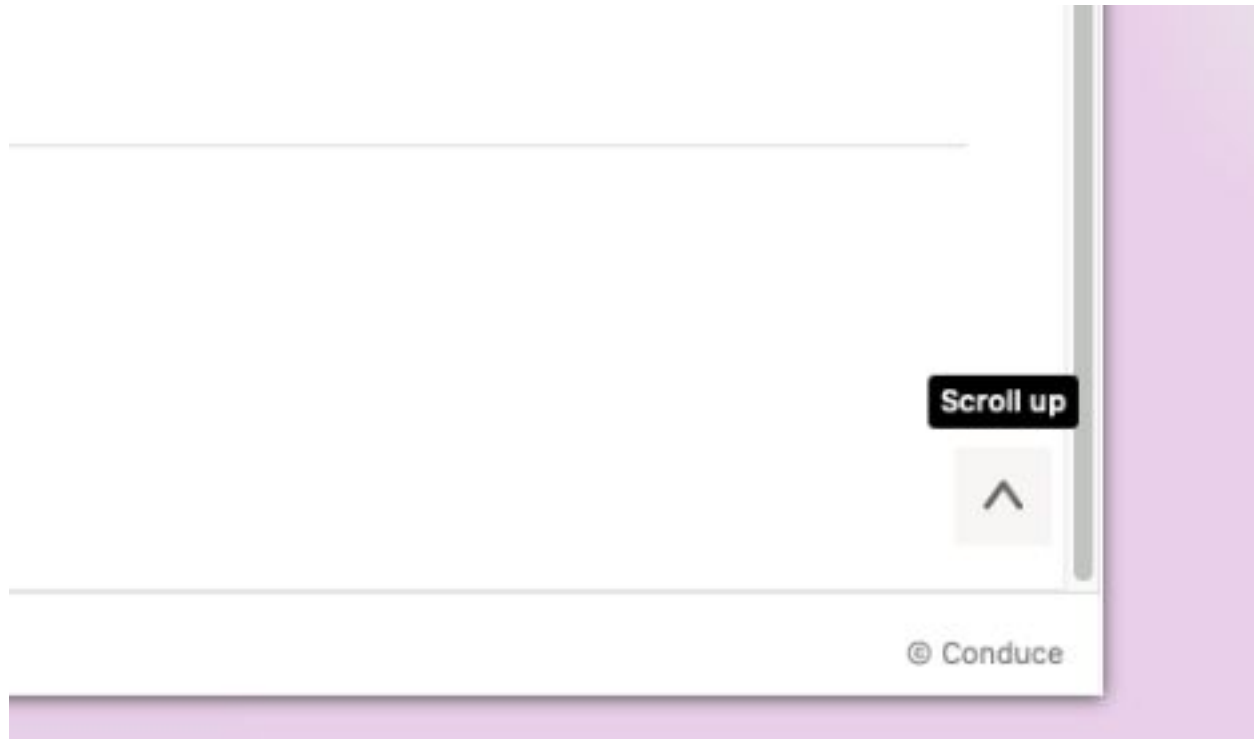

Examples:

Notes: 'Scroll up' button to scroll to the top of the right section and add 5 border radius to the button

Figma section: -

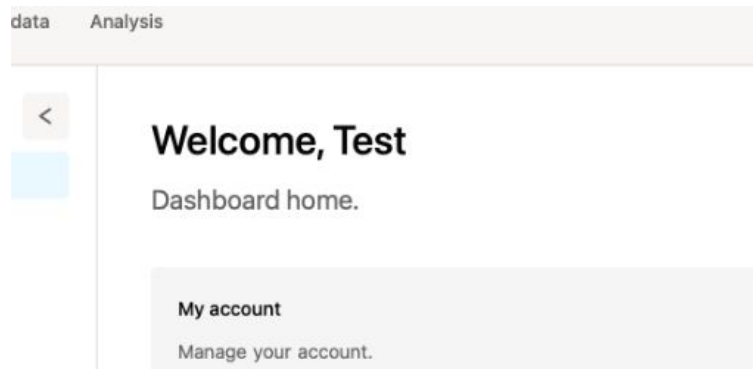

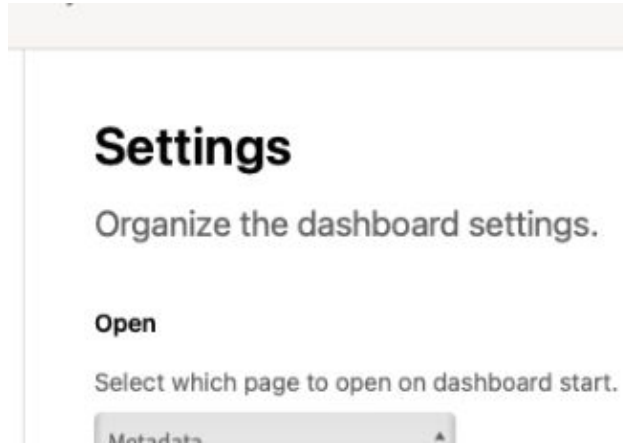

Examples: -

Notes: main right section font thickness to be at 600 like the 'Settings' section

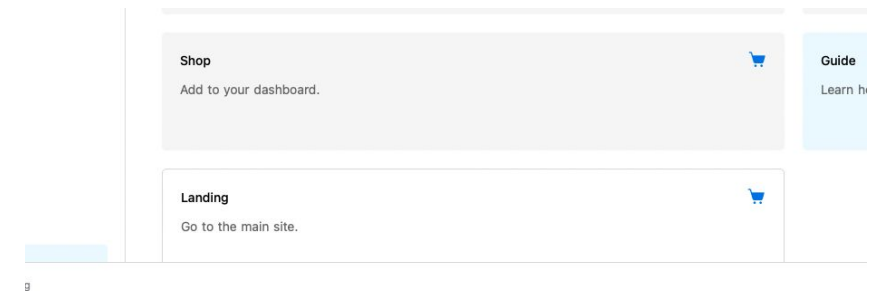

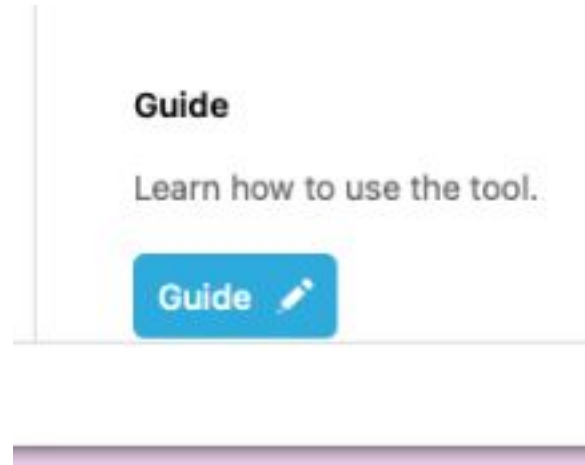

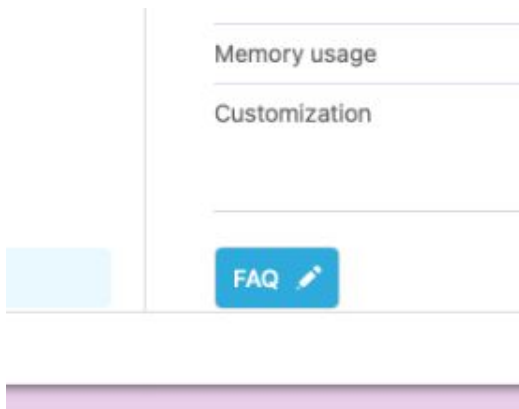

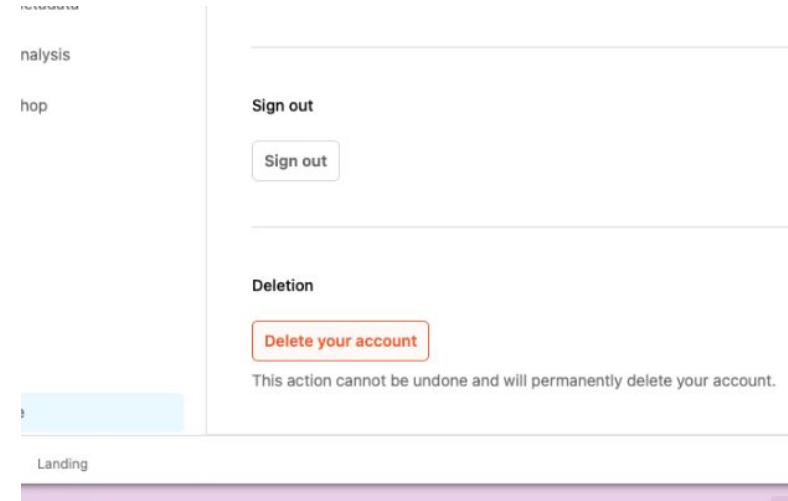

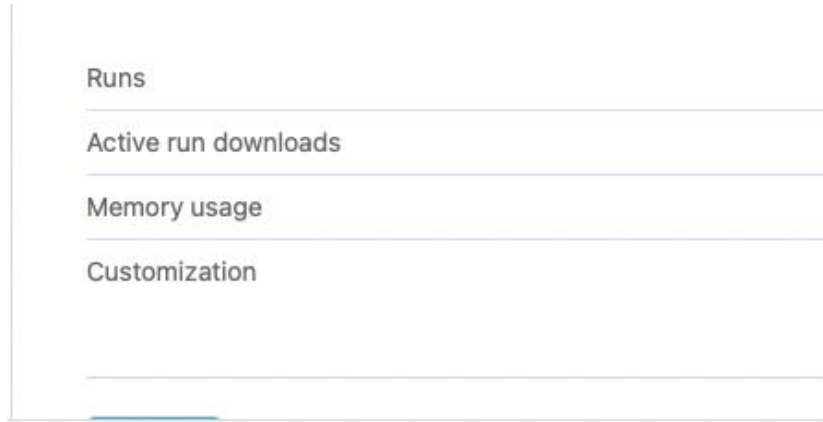

Figma section: C1, DS1, and DS2

Examples:

Notes: 40 gap below each last item in the right section so that when scrolled to the bottom it is not hidden/against the bottom. Already seems to be in place for 'My account'

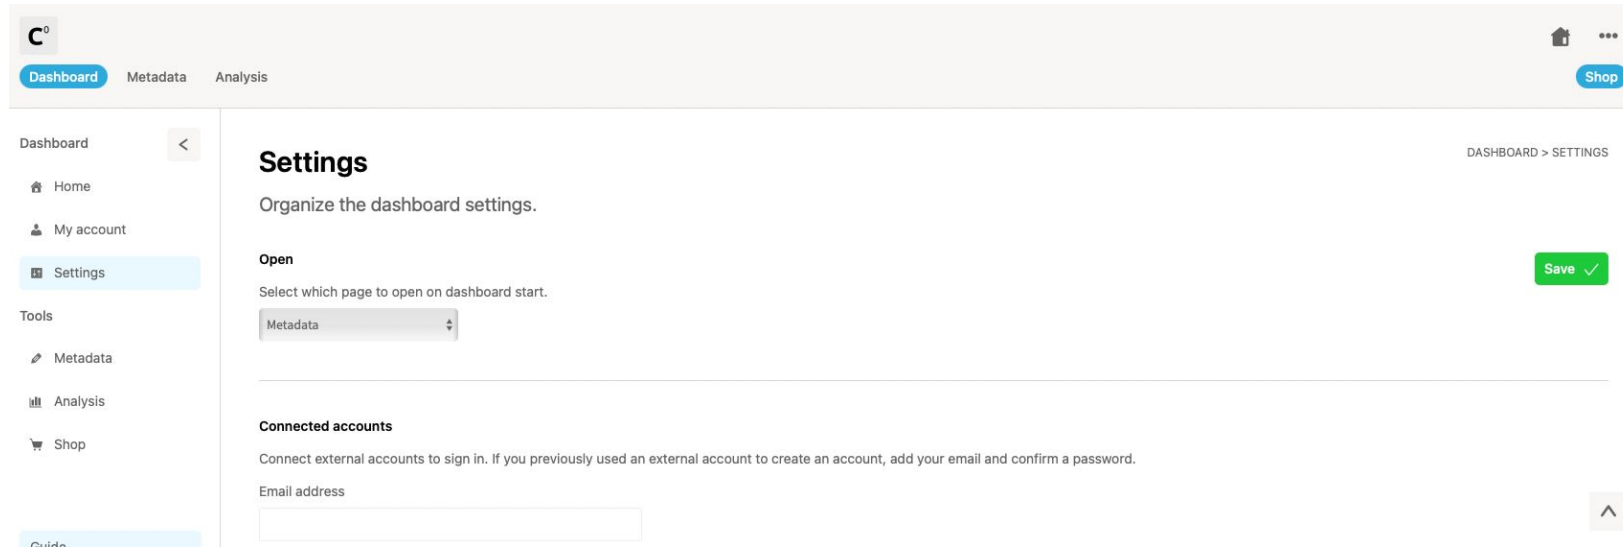

Figma section: -  
Examples:

Notes: scroll on 'Settings' page not working

Figma section: -

Examples:

Notes: check logic on 'Shop' page as stays active in the main menu bar despite being on other pages etc.

Figma section: -

Examples:

Notes: check bottom gap on footer is the same as top

Figma section: C1

Examples:

Notes: check box width/size on 'Coming soon' page is the same as the homepage boxes – seems wider/larger

Figma section: C4

Examples:

## Coming soon

Analyse a range of digital assets.

**Coming soon**

Analyse digital assets across platforms and more.

Notes: get rid of any white gaps at the bottom of the right section

Figma section: -

Examples:

Notes: 'Edit' button scrolls with page. Should be aligned top with 'Details'

Figma section: C2

Examples:

The image shows a user profile form with a light gray header bar. The header bar contains the text "Analysis" on the left and a blue "Shop" button on the right. Below the header bar, there are three input fields, each with a label to its left: "Last Name" with a text input containing "Test", "Display name" with a text input containing "Test", and "Email address" with an empty text input. To the right of the "Email address" field is a blue "Edit" button with a pencil icon. A thin horizontal line is positioned below the "Email address" field.

Notes: 'Details' fields should be Email, Username, and Full name.

The image shows a mobile application screen for a 'Shop' page. At the top left, there is a back arrow icon. The main heading is 'Shop' in a large, bold font. Below the heading is a subtitle: 'Add new resources, view purchases, and edit billing details.' Underneath this are three rounded rectangular buttons: 'Add', 'Purchases', and 'Billing'. A horizontal line separates this section from the next. The next section is titled 'Account type' in bold. Below it is a subtitle: 'Select whether you are an individual, company, or other organisation.' There is a dropdown menu with 'Individual' selected and a small downward arrow icon on the right. Another horizontal line is below the dropdown. The final section is titled 'Billing details' in bold, with a subtitle: 'Change your billing details.'

Notes: add save to account type
