WINTER

# WINTER

Winter is the coldest season, with short days and long nights, with frosts and snow. But it is also a beautiful season when nature is sleeping under a clean soft blanket of white snow. In winter there are no birds in the trees and there are no flowers in the parks. Lovers of winter sports go skiing and skating and hockey playing. Winter is a wonderful season for children, too, who enjoy tobogganing, playing snowballs and making snowmen.

# Winter

This is the season  
When mornings are dark,  
And birds do not sing  
In the forests and parks.

This is the season  
When children ski  
And Father Frost brings  
The New Year Tree!

Spring

The background is a soft-focus collage of spring elements. It features numerous light green and yellow butterflies of various sizes, some in flight. There are also faint, out-of-focus images of flowers and leaves in shades of green and yellow. The overall color palette is bright and cheerful, typical of a spring theme.

## **Read the text about spring:**

Spring comes and nature awakens from its winter sleep. The days become longer and the nights become shorter. The ground is covered with fresh green grass and the first spring flowers. How lovely the white snowdrops are! There are new leaves and blossoms on the trees. The birds begin to sing and build their nests. The air is fresh and the sun shines brightly. The days are warm and everything is full of life and joy!!!

Summer brings us nice warm sun,  
For swimming, fishing, and lots of fun,

# Autumn

Descending leaves fall to the ground,

Twirling, twisting, round and round,

Autumn season is almost here,

The smell of freshness is oh so near.

The crisp, cool breeze,

Shakes the leaves from the trees,

Autumn takes away the green,

Golden-bronze and brown is all that can be seen.
