

# PREPOSITIONS

- Предлоги в английском и русском языках не совпадают в своих значениях.
- Предлоги очень важны для построения и понимания английского предложения, т.к. являются одним из основных средств, указывающих на связь слов в предложении.
- Английский предлог обычно имеет больше одного значения - один и тот же предлог может быть и предлогом времени, и предлогом места и его значение при этом меняется.
- Английский предлог, как и в русском языке, обычно стоит перед существительным или местоимением. Но, если существительное или местоимение относится к глагольным сочетаниям или фразовым глаголам, то предлог может стоять в конце предложения.
- Английские предлоги могут выражать те значения, которые в русском языке передаются окончаниями косвенных падежей: *of* – родительным, *to* – дательным, *with, by* – творительным

## ЧТО ВАЖНО ЗНАТЬ ОБ АНГЛИЙСКИХ ПРЕДЛОГАХ

- In – в, внутри, по; через; на
- On – на, по, при
- At – в, за, у, рядом; на
- From – из, с, от
- Of – из, о; предлог притяжательного падежа
- For – для, за, в, из, из-за, по причине, ради, в обмен, в течение
- By – около, к; посредством, через, с помощью; предлог творительного падежа (кем?)
