WALL STREET CRASH!

Black Thursday in America

Stocks Plunge and Eleven Commit Suicide

Plunge on the New York Stock Market today has a record. Crashes have always been in part due to

Monday's price in the early morning caused a panic and many thousands of shares and bonds. Several hundred die-hard bulls were seen to have been crushed to bits.

In the afternoon market again fell, the market being more active in the case of American industrial stocks for the afternoon. Some stocks were closed for one day and the order of some companies halted during the course of the morning.

The day was marked also by a number of suicides in Wall Street and the latter part of the day was a scene of confusion and panic. The market was closed for one day and the order of some companies halted during the course of the morning.

Stocks Plunge

A crash occurred in New York's leading market today, the result of a panic which has been described as the greatest since the crash of 1929.

Walls

There are several hundred of the great and good of the city who are believed to have committed suicide during the day. The market was closed for one day and the order of some companies halted during the course of the morning.

The image features the iconic Coca-Cola script logo in white with a black outline, set against a vibrant red background. The background is textured with numerous small, realistic water droplets, suggesting a cold beverage. A thick, white, wavy line curves across the bottom of the logo area, resembling a splash or a ribbon. The entire composition is framed by a white border, which is itself set against a blue-to-cyan gradient background.

W. Woodruff**

Coca-Cola's origins harked back to a simpler and slower paced life style of horses, railroad and stage coach, all which were the main means of public transportation. It was a time when the Internet of the day was the telegraph wire. But some things never change, and Coke is still with us today.
