

We wish to know the history of our district Yuzhnoportovy

ГОУ СОШ № 506

Goals

- To find why people do not know the history of their own district.
- To find the ways to get introduce the people with the history of their district.

Hypothesis

The lack of information is provided for the residents about the history of the place where people live.

Project stages

- Survey
- Analysis and Systematization
- Creating a presentation of the topic

Methods

To provide more information about the history of the district. Without knowing our history we are not able to create a decent future for our descendants.
