# School uniform

Today, there is no unified standard uniform in Russia; however, certain schools may have their own uniform that students are required to wear.

I think a school uniform can be comfortable and attractive.

I want a black school uniform. It is cool and practical.

I want to have tight trousers. It is very cool. You can wear it out. I think girls can wear black, white or pink dresses with accessories. And a tight skirt with cardigan and a trouser suit for a change.

# Teacher's style

Why not? Teachers can wear uniform at school. They can wear uniform like pupils do.
