Hello! I`m Artem Dmitryuk. I am a schoolboy. I study in school № 6 in the settlement of Talakan. My school is neither big nor small, but it is modern and new. I like my school, because I am fond of different school subjects. I`d like to know more about different things which help me to study.

Many things help me to study, for example: colourful pens and pencils, books, exercise-books, markers, rulers, erasers, a calculator, protractors, compasses, chalk, a computer, felt-tip pens, paints, a sharpener.

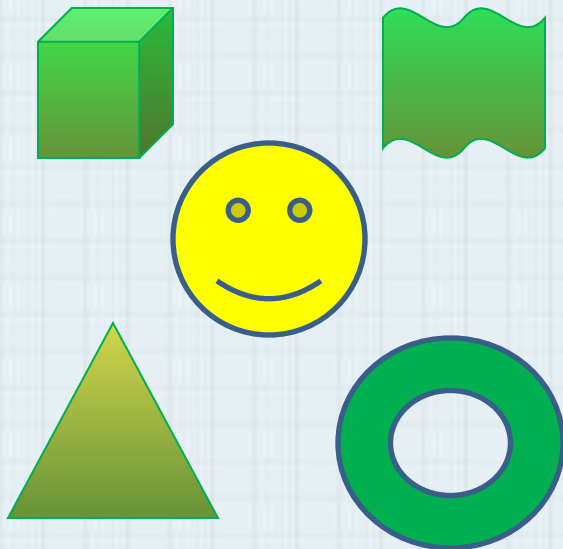

My favourite subject is

**Maths.**

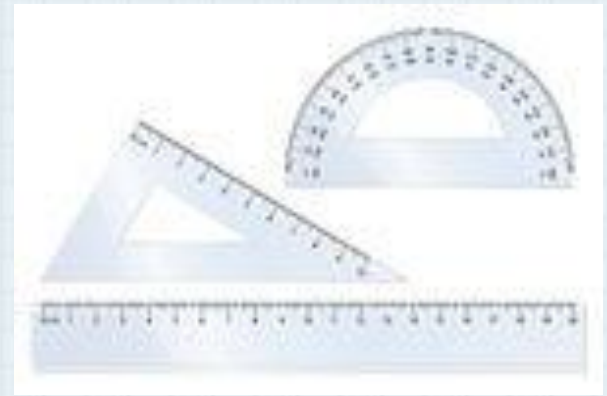

At Maths I like to do  
difficult sums with a  
calculator.

And I enjoy drawing different figures with a ruler, a curve, a triangle, a protractor and compasses.

a triangle.

a protractor

a ruler

compasses

curves

At the lesson of Art I draw and paint with colourful pencils, felt-tip pens, paints, crayons. I have a drawing pad, a brush and an eraser.

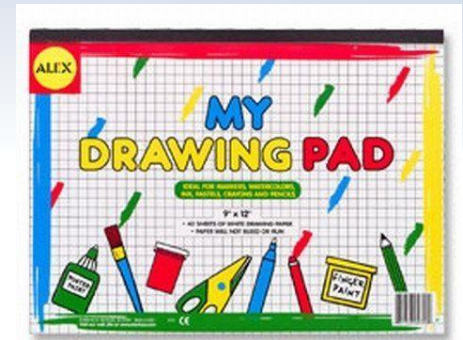

It is super!

pencils

When my pencils are broken, I use a sharpener to sharpen them.

I have got two erasers.  
They are little and soft. I  
use them in different  
school subjects.

I don't like Russian, because there is much writing. It is boring. I write with a pen in my exercise –book, but sometimes I do mistakes. I like to correct them with a correction pen.

But many years ago pupils had to use ink instead of ball – point pen, and they made blots. How did they correct them?

correction pens

They corrected them with blotter paper!

This is a book. This is an English book. It is brown and yellow. I need it for my English lesson. At this lesson I read English texts, speak, ask and answer questions, play games. I use book marks.

There are many different and useful things which help me in my school life.

a commonplace – book

diary book

a dictionary

plasticine

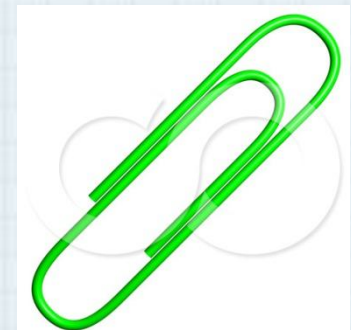

school glue

scissors

Scotch tape

clips

I put all my school things  
into my pencil case.

Then I put my books,  
exercise-books,  
my pencil-case  
into my satchel  
and go to school

I like my school very much.
