Project

Domestic animals

Pupil: Saveliy Sorokin
Form: 6b
Teacher: Yakimova A.N

Alikovo - 2011

I like domestic animals.

I have 4 cats, a dog, 8 hens and 40 rabbits.

Nusha

- This is my cat. Its name is Nusha. Nusha is clever and beautiful. She likes to purr sitting near me.

Motya

This is my next cat. Its name is Motya. Motya is orange, black and white. Motya is a gay cat and I like to play with my cat at home.

Belka and Milka

These are our goats. They are very funny. They are white. Their names are Belka and Milka. Milka has no horns, but Belka has very long horns.

Our hens

These are our hens. They give us 4 or 5 eggs every day. They have no names.

Our rabbits

These
are our
rabbits.
They are all
grey. They
like to eat
grass.
Rabbits live
8 or 10
years.

Muhtar

This is my dog. It is black and white. He likes meat, bones, bread, milk, soup and sausage. My dog's name is Muhtar. It's 1 year old. He can give me its paw. When I come from school I always play with him.

I am at the zoo

I like wild animals too. I can see them at the zoo. Every summer I go to the zoo to see them. My favourite wild animals are monkeys, because they are very interesting and funny.
