*“Singaporean immigration landscape is continually evolving, and Visa Express remains on top of the key developments of this process. The team secured my Personal Employment Pass in 2010, and they were instrumental in me obtaining Permanent Resident later. They advised on the best way how to obtain both of these passes and what I needed to do to get them. I intend to use the firm for other family related immigration matters in the near future. I highly recommend Visa Express.”*
