

My Trip to the UK

-
- **Hello! My full name is Katya Lozhkina. I'm a pupil of the 10th form. English is my favourite subject, that's why in August 2011 I went to Great Britain to improve my English.**

Language Teaching Centre, Eastbourne, East Sussex, UK

I stayed here only three weeks,
but I was deeply impressed by everything I saw in this country.
I'm glad I made new friends there.

Eastbourne

Eastbourne is the sunniest city of Great Britain. By a record amount of sunlight per year it is called as “Trap for the Sun”

Learning English isn't easy, it took a lot of my time, but when I was free I enjoyed travelling about Great Britain with my new friends.

Portsmouth

- ❑ Portsmouth is in the County Hampshire and it is on the bank of the Strait of Solent. Hampshire is more than 800 years old.
- ❑ In the port of Portsmouth you can see the remarkable ships such as “Mary Pose” and “HMS Victory”, it is a flagship of Admiral Nelson.
- ❑ There is also the house where Charles Dickens was born.

Brighton Royal Palace

□ It's interesting to know that I managed to play one of the ancient instruments – the piano “Allison Pianos” in the museum, which was founded in 1837 in London in Berners Street.

London

Without doubt London is one of the most wonderful places which attracts people all over the world. As for me I was greatly impressed by London.

The Clock Tower of the Houses of Parliament is famous for its big hour bell, known as “Big Ben”

The Houses of Parliament stretch for nearly 1000 feet along the north bank of the Thames.

THE HOUSES OF PARLIAMENT

The Tower Bridge

- London has a lot of bridges over the Thames, more than twenty, but the most interesting of them is the Tower Bridge situated near the Tower of London

The Tower of London

Once it was a royal residence, a strong fortress and a state prison. Here many people, among them two wives of Henry VIII, were imprisoned and beheaded. Now it is a museum.

London Bridge

Another interesting bridge is London Bridge, which is more than six hundred years old. In the 15th century there were shops and houses on it.

The modern London Bridge was built in 1973. It was officially opened by the Queen Elizabeth II. There is a memorial board on the bridge in honor of this event.

London Eye

- ❑ The London Eye is a giant Ferris wheel situated on the banks of the river Thames. It is the tallest Ferris wheel in Europe and the most popular attraction in the UK. The structure is 135 meters tall and the wheel has a diameter of 120 meters.

Trafalgar Square

- Trafalgar Square is a public place in central London. In the centre of it there is Nelson's Column. The square is also used for political demonstrations and community gatherings, such as the celebration of New Year's Eve.

**My journey came to the
end but I hope that I'll
return to this amazing
country once again.**

**Я Англию по фильмам представляла,
Ведь родилась я в северном краю.
Чай английские пила и всё мечтала,
Что Букингем и Тауэр увижу наяву.**

**Вот подвернулся случай мне чудесный,
И съездила я в Англию в сей год.
И много я чего там повидала,
Пополнила запас английских слов.**

**Так хочется ещё увидеть край чудесный!
По узким улочкам пройтись.
Вдохнуть тот воздух влажный,
незабвенный.
И всё, что видела, ещё раз посетить!**
