

Phonics Mini Lesson

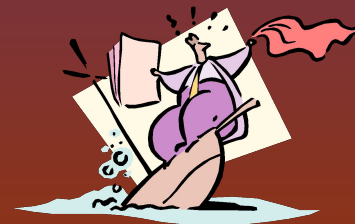

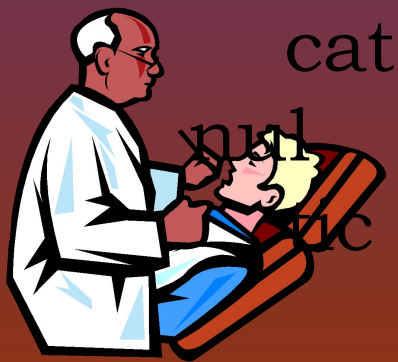

Why are some words easy to read and others look like a foreign language?

Well, it has to do with
vowels and their pattern

open syllable closed syllable lonely e

No
Ze
Gra

Does the vowel say
long or short sound

A e i o u

cat

me

soap

More vowels make
a more complex patt

Oo ai ew

livid

ecstatic

It also has to do with
sight words-they don't
follow typical patterns.

people

have

there

their

of

Let me explain . . .

If you **identify the vowel** sound or memorize the sight word, you can read words that use to make you twist and shout.

Here's how

There are 3 main parts to the phonics mini lessons that will help you sound out new words.

- blending steps
- types of syllables
- where to break

Blending Steps

1. Identify the vowel sound
2. Blend from the beginning
3. Blend to the end
4. Say it fast

Types of Syllables

□ open d o t

□ closed do

□ lonely e dome
