

## Викторина о Великобритании

London is beautiful, London is old,  
London is foggy, London is cold.  
Buckingham Palace with wonderful halls,  
Westminster Abbey, Big Ben and St. Paul's  
Kensington Gardens, Hyde Park, Peter Pan,  
Admiral Nelson and Christopher Wren...  
Bridges and palaces, faces and rain,  
Oh, how I wish I could see them again.

A scenic view of the Palace of Westminster, Big Ben, and the River Thames in London. The Palace of Westminster is a large, ornate Gothic Revival building with multiple spires and intricate stonework. The Elizabeth Tower, commonly known as Big Ben, stands prominently to the right, its clock face visible. In the foreground, the green arches of Westminster Bridge span the River Thames. A red double-decker bus is seen crossing the bridge. The sky is clear and blue.
