

The background of the slide is a scenic landscape. It features a clear blue sky at the top, with green tree branches hanging down from the top left and a large, full green tree on the right. Below the sky is a calm body of water, possibly a lake or a wide river, which reflects the sky and the surrounding greenery. In the foreground, there is a grassy bank with some reeds and small plants. The overall atmosphere is peaceful and natural.

My hometown is Tula.

Though Tula is not as large as Moscow it has got many good aspects of a modern city.
