Location.

Megaliths.

The word megalith comes from the Ancient Greek μέγας *megas* meaning great, and λίθος *lithos* meaning stone.

How old is Stonehenge?

Phase III (c. 2550-1600 BC)
BC)

Why was it built?

A Ballad of Stonehenge

Three thousand years before
Christ was a child,
England was beautiful, young
and wild.
There were people, forests and
rivers there,
And the magic stones hung in
the air.

The people who brought them
were strong and brave,
And under these stones they
found their graves.
Where did they come from?
Where did they go?
Who were these people? We'll
never know.

Was it temple? An ancient god's
house?

Was it compass for friends from the
stars?

They built it five thousand years
ago,

But why did they do it? We'll never
know.

Now these days are gone and the
people are gone,

But the midsummer sunrise still
shines on the stone.

And the midwinter sunset still
comes with the rain,

And Stonehenge greets them on
Salisbury Plain

Golden Dawn Ritual.

Conclusion.

William Wordsworth wrote:

Pile of Stone-henge! So proud to hint
yet keep

Thy secrets, thou lov'st to stand and
hear

The plain resounding to the whirlwind's
sweep

Inmate of lonesome Nature's endless
year.

Stonehenge will be a mystery
forever...
