

TOWER RAVENS

Great Britain. London.

Many boys and girls visit Great Britain.

They usually start with London.

Streets in London

They walk along
London streets,
see old houses,
offices, schools.

London Zoo

When they live in London they go to London's zoo and watch different animals.

The Tower of London

But one place all children and their parents go to is the Tower of London. It is a museum now.

They want to see Tower Ravens. Nine big dark black ravens live there. They have leg-rings of different colours: yellow, white, grey, blue, green, red, orange, dark blue and dark green.

All day they are out.
People like to speak
to them, to make
photos of them and
give them something
to eat. But the ravens
don't like it.

They have their
“Father” —
Raven-master who
feeds them. And they
Know him very well.

For many centuries
ravens guard the
Tower of London. The
legend says “Only so
long as they stay, will
the White Tower
stand”.
