

LET'S SAVE OUR FRAGILE PLANET

Why

OUR PLANET IS IN DANGER

?

The background features several faint, concentric circular ripples in a lighter shade of blue, resembling water droplets on a surface, located in the lower right quadrant of the image.

HUMAN BEINGS ARE KILLING OUR PLANET

- WATER POLLUTION
 - AIR POLLUTION
 - DESTRUCTION OF WILDLIFE AND COUNTRYSIDE BEAUTY
 - NOISE AND POLLUTION FROM TRANSPORT
 - SHORTAGE OF FOREST
 - DISAPPEARING OF ANIMALS
- 

ANIMALS AND BIRDS UNDER THREAT

- Panda
- Koala
- Indian tigers
- African and Asiatic elephant
- Orangutan
- American Alligator
- Pygmy Hippopotamus
- Black Rhinoceros

People don't just pollute the
environment.

They pollute themselves with junk
food, alcohol, drugs and
cigarettes.

What can

you

do?

A scenic view of a park with a lake, trees, and a large building in the background under a blue sky with clouds. The foreground shows a calm body of water reflecting the sky and the surrounding greenery. The middle ground is filled with lush green trees, including several weeping willows on the left. In the background, a large, white, ornate building with multiple spires and domes is visible, likely a cathedral or a grand historical building. The sky is a vibrant blue, dotted with large, fluffy white clouds.

WE LIVE IN A WONDERFUL
PLANET

If you want to save our planet-
hurry up!
