КУНГУРСКАЯ ЛЕДЯНАЯ ПЕЩЕРА

ПЕРМ ТУРИСТ

# Бриллиантовый грот

[www.dikarem.net](http://www.dikarem.net)

**Полярный грот**

A photograph of a cave interior, likely the Grotto of Dante. The scene is characterized by warm, reddish-brown lighting that highlights the rough, textured rock walls. A narrow passage or opening is visible in the center, leading deeper into the cave. The lighting creates strong shadows and highlights, emphasizing the ruggedness of the rock surfaces. The overall atmosphere is mysterious and ancient.

# Метеорный грот

The image shows the interior of a cave, identified as Coral Grotto. The walls and ceiling are covered in a dense, textured layer of coral, which is illuminated by warm, orange and yellow lights. The floor is dark and appears to be composed of rocks and debris. A sign is visible in the upper right corner, and a bright light source is visible in the distance, creating a strong contrast and highlighting the textures of the coral.

проводит Тебя!

# Эфирный грот

A photograph of a cave interior. The foreground is filled with large, dark, jagged rocks. In the background, a dark, arched opening leads to a deeper part of the cave. The lighting is dramatic, with a strong light source from the right casting long shadows and highlighting the textures of the rocks.

**Грот  
Мокрая кочка**

**Титанический грот**

# Грот Хлебниковых

**Грот  
Романтиков**

**Длинный грот**

The image shows a close-up of a dark, layered rock surface, possibly a cave wall. The rock has a rough, textured appearance with various shades of grey and black. There are several prominent cracks and crevices, including a large horizontal crack near the top and a vertical crevice on the right side. The lighting is somewhat uneven, highlighting the textures and shadows of the rock.

**Грот Великан**

A photograph of a cave interior, likely a mine. The ceiling and upper walls are covered in large, colorful mineral deposits, possibly calcification or other mineral growths. The colors range from bright yellow and white to deep green, purple, and red. The lower part of the cave is dark and appears to be a tunnel or a large chamber. The lighting is dramatic, highlighting the textures and colors of the mineral formations.
