# During the last years there was a great increase in keeping fit and staying healthy in Russia.

- A lot of people started **jogging** and going to fitness clubs in their spare time.
- **Aerobics** classes and fitness clubs were opened in every town, and the number of recreation centres greatly increased.

# Doing sports prevents us from getting too fat and helps to stay healthy.

- But despite the increase in the number of people participating in sports, the majority of them still prefer to be spectators. Thousands of people go to the stadiums to support their favourite teams and sportsmen. Most of the important competitions are televised and people enjoy watching sports programmes on TV.

*But certainly watching sports events and going in for sports are two different things.*
