A photograph of a classroom. A female teacher in a dark red blazer stands at the front, holding papers. Behind her are two green chalkboards and a projector screen displaying a slide. Students are seated at desks, some looking towards the teacher. The room has a wooden floor and fluorescent lighting. A large, bold, red text overlay is centered over the image, reading "But I want to be a teacher."

**But I want  
to be a  
teacher.**

# The profession of a teacher has some advantages:

- long holidays,
- dealing with different people.....
- rewarding work

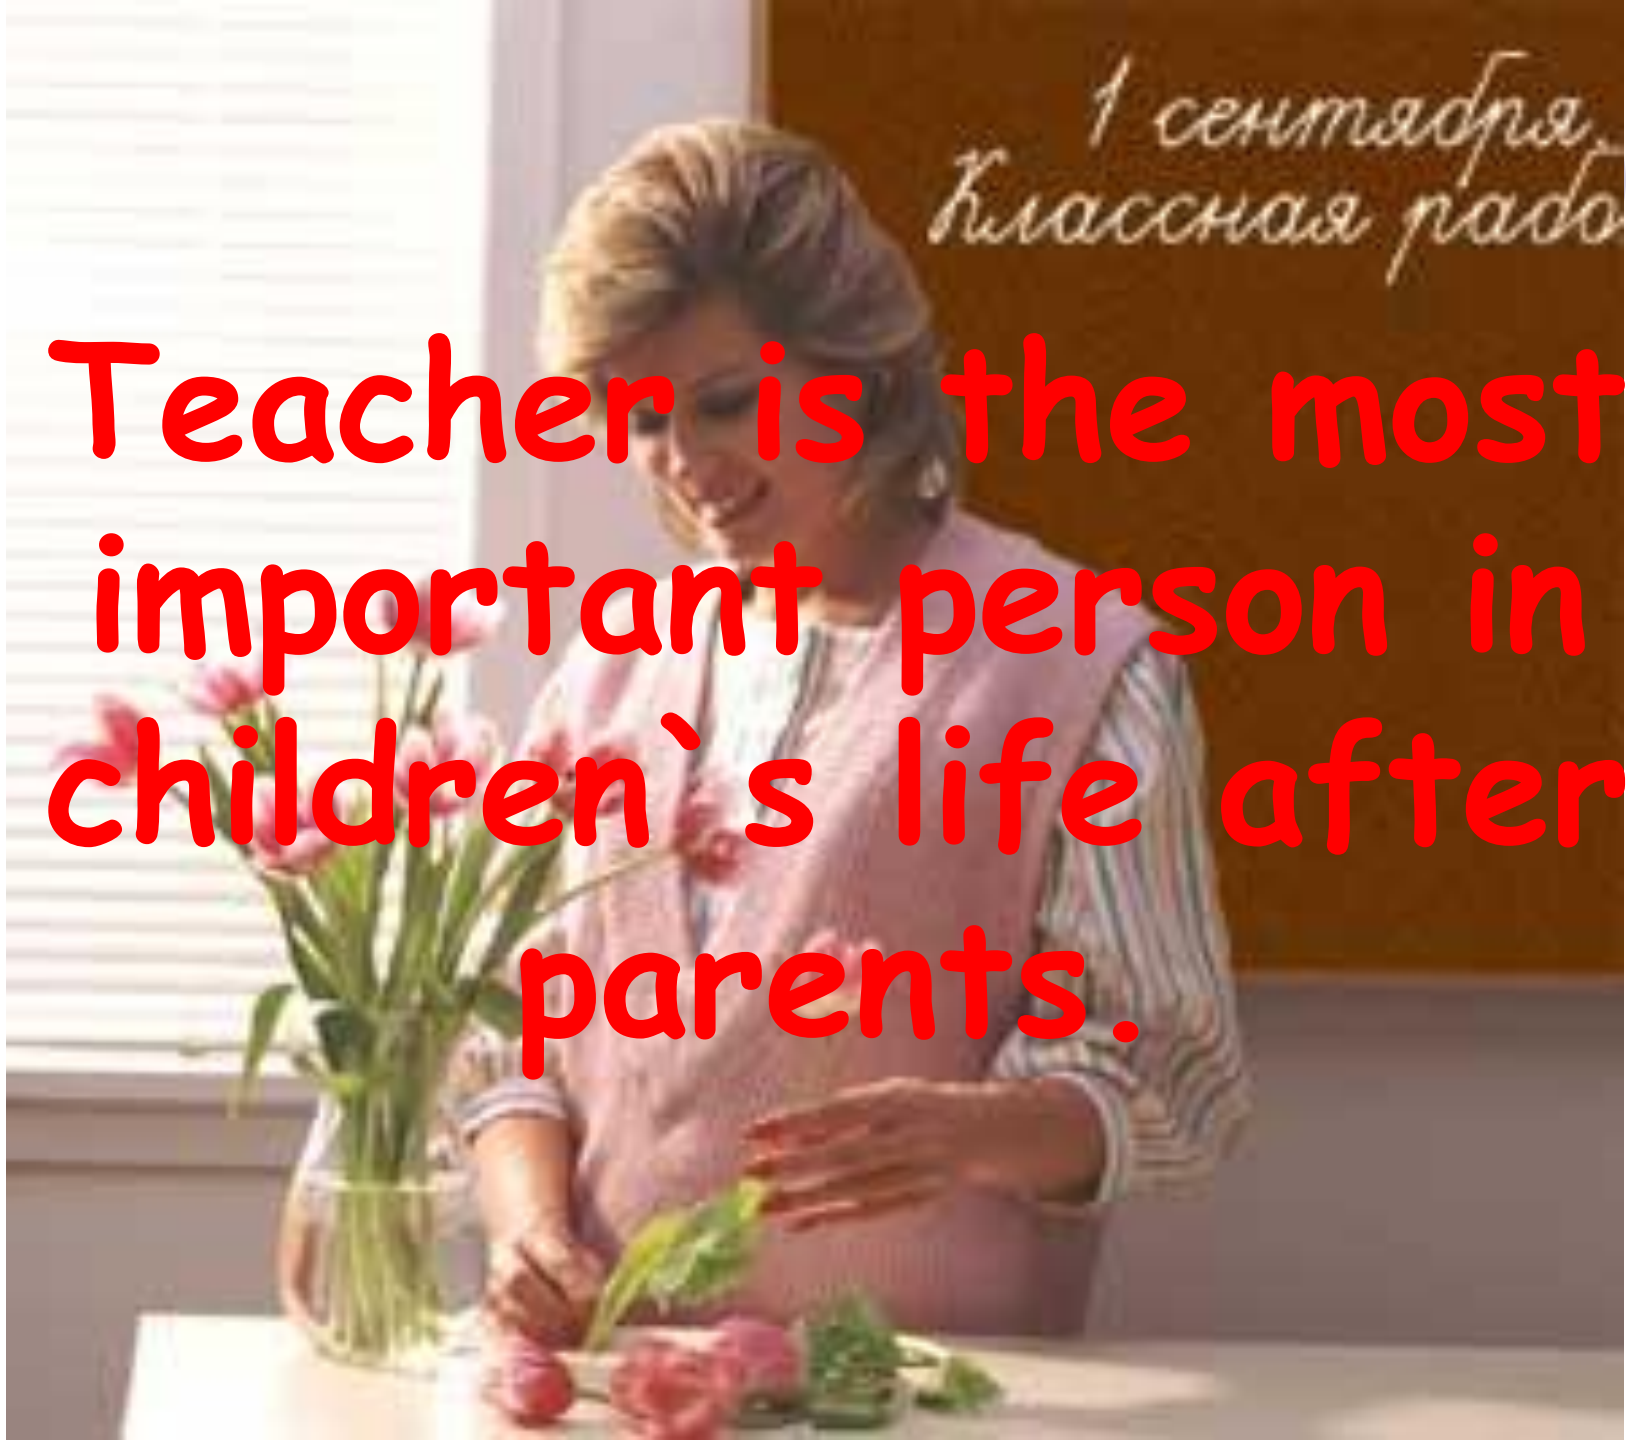

# But also the profession has many faults:

- low salary,

**Teacher is the most important person in children's life after parents.**

# Teacher must have

- Determination
- tact

- imagination

And also he must be of pleasant appearance and must have a good speaking voice.

A good teacher  
learns all the  
time from  
children, from  
life, from  
school.

teacher is  
a great  
artist.

**Teaching is a real  
challenge to my  
character, abilities and  
talent.**

I hope, that I'll  
be a good  
teacher and that  
my pupils will love  
me and my  
subject.
