Compare the pictures!

You can see green fields and hills, long rivers and nice green gardens with apple trees.

It's a big city.

The streets are wide and long.

The houses are nice and small.

There are a lot of cows, horses and sheep on the farms.

In the streets you can see a lot of people, cars, big and tall houses.

Learn the poem!!!

The Country and the City

*Some people live in the city
Where the houses are very tall.
Some people live in the country
Where the houses are very small.
But in the country where the houses are small,
The gardens are very big.
And in the cities where the houses are tall
There are no gardens at all.*
