America.
(Present-day
Venezuela)

CHRISTOPHER COLUMBUS'S

Fourth Voyage * May 9, 1502

Columbus leaves on his final voyage from Cadiz, Spain.

Columbus investigates the Central American Coast. He sails along the coasts of what are now Honduras, Nicaragua, Costa Rica, and Panama.

COLUMBUS'S HIGH VOYAGE

Columbus sailed along the coasts of what are now Honduras, Nicaragua, Costa Rica, and Panama.

At the narrowest part of the isthmus of Panama, Columbus heard stories that a large body of water laid a dew days' march across the mountains. Because of his failure to investigate these stories, Columbus missed the chance to become the first European to see the Pacific Ocean.

THE END
