# Sharks.

- Sharks live in all parts of the world. All sharks eat meat. The white shark isn't very nice. It is very big-6 meters long! It eats fish, small sharks, seals and people. It swims very fast- 65 kilometers an hour. A remora is a small fish- only 45 centimeters long. It lives on a shark. It eats food from the shark

# Flamingos.

- Flamingos come from many countries. They are pink. They have long legs. They live near salt water. They eat fish and they can fly. Their nests are near water. They are on the ground. A female flamingo sits on two eggs.

# Ostriches.

- Ostriches are birds. They come from Africa and Australia. They are black and white. They can run very fast-60 kilometers per hour. They can't fly. An ostrich nest isn't in a tree. It is on the ground. A female ostrich sits on 10 to 20 eggs.

**Save animals. Let them live.**
