

LET'S SAVE OUR FRAGILE PLANET

Why

OUR PLANET IS IN DANGER

?

HUMAN BEINGS ARE KILLING OUR PLANET

- WATER POLLUTION
- AIR POLLUTION
- DESTRUCTION OF WILDLIFE AND COUNTRYSIDE BEAUTY
- NOISE AND POLLUTION FROM TRANSPORT
- SHORTAGE OF FOREST
- DISAPPEARING OF ANIMALS

ANIMALS AND BIRDS UNDER THREAT

- Panda
- Koala
- Indian tigers
- African and Asiatic elephant
- Orangutan
- American Alligator
- Pygmy Hippopotamus
- Black Rhinoceros

People don't just pollute the
environment.

They pollute themselves with junk
food, alcohol, drugs and
cigarettes.

The background of the slide is a solid blue color. In the lower half, there are several decorative elements consisting of concentric circles, resembling ripples in water. These circles are rendered in a lighter shade of blue and are positioned in the bottom right and bottom center areas of the slide.

What can

you

do?

A scenic view of a park with a lake, trees, and a large building in the background under a cloudy sky. The foreground shows a calm body of water reflecting the sky and surrounding greenery. The middle ground is filled with lush green trees, including several weeping willows on the left. In the background, a large, ornate building with multiple spires and domes is visible, likely a cathedral or a grand historical structure. The sky is bright blue with scattered white and grey clouds.

WE LIVE IN A WONDERFUL
PLANET

If you want to save our planet-
hurry up!
