

Television

It is almost impossible to imagine our life without TV. It plays a great and a very important role in the life of modern man. There is practically no family that doesn't have a TV set.

TV shows us a lot of films of different countries: detective and melodrama, comedy and thriller. As former I like to see adventure films, fantasy, comedies.

TV is one of the mass media kinds. Radio and newspapers tell us about different events but TV not only tells but also shows.

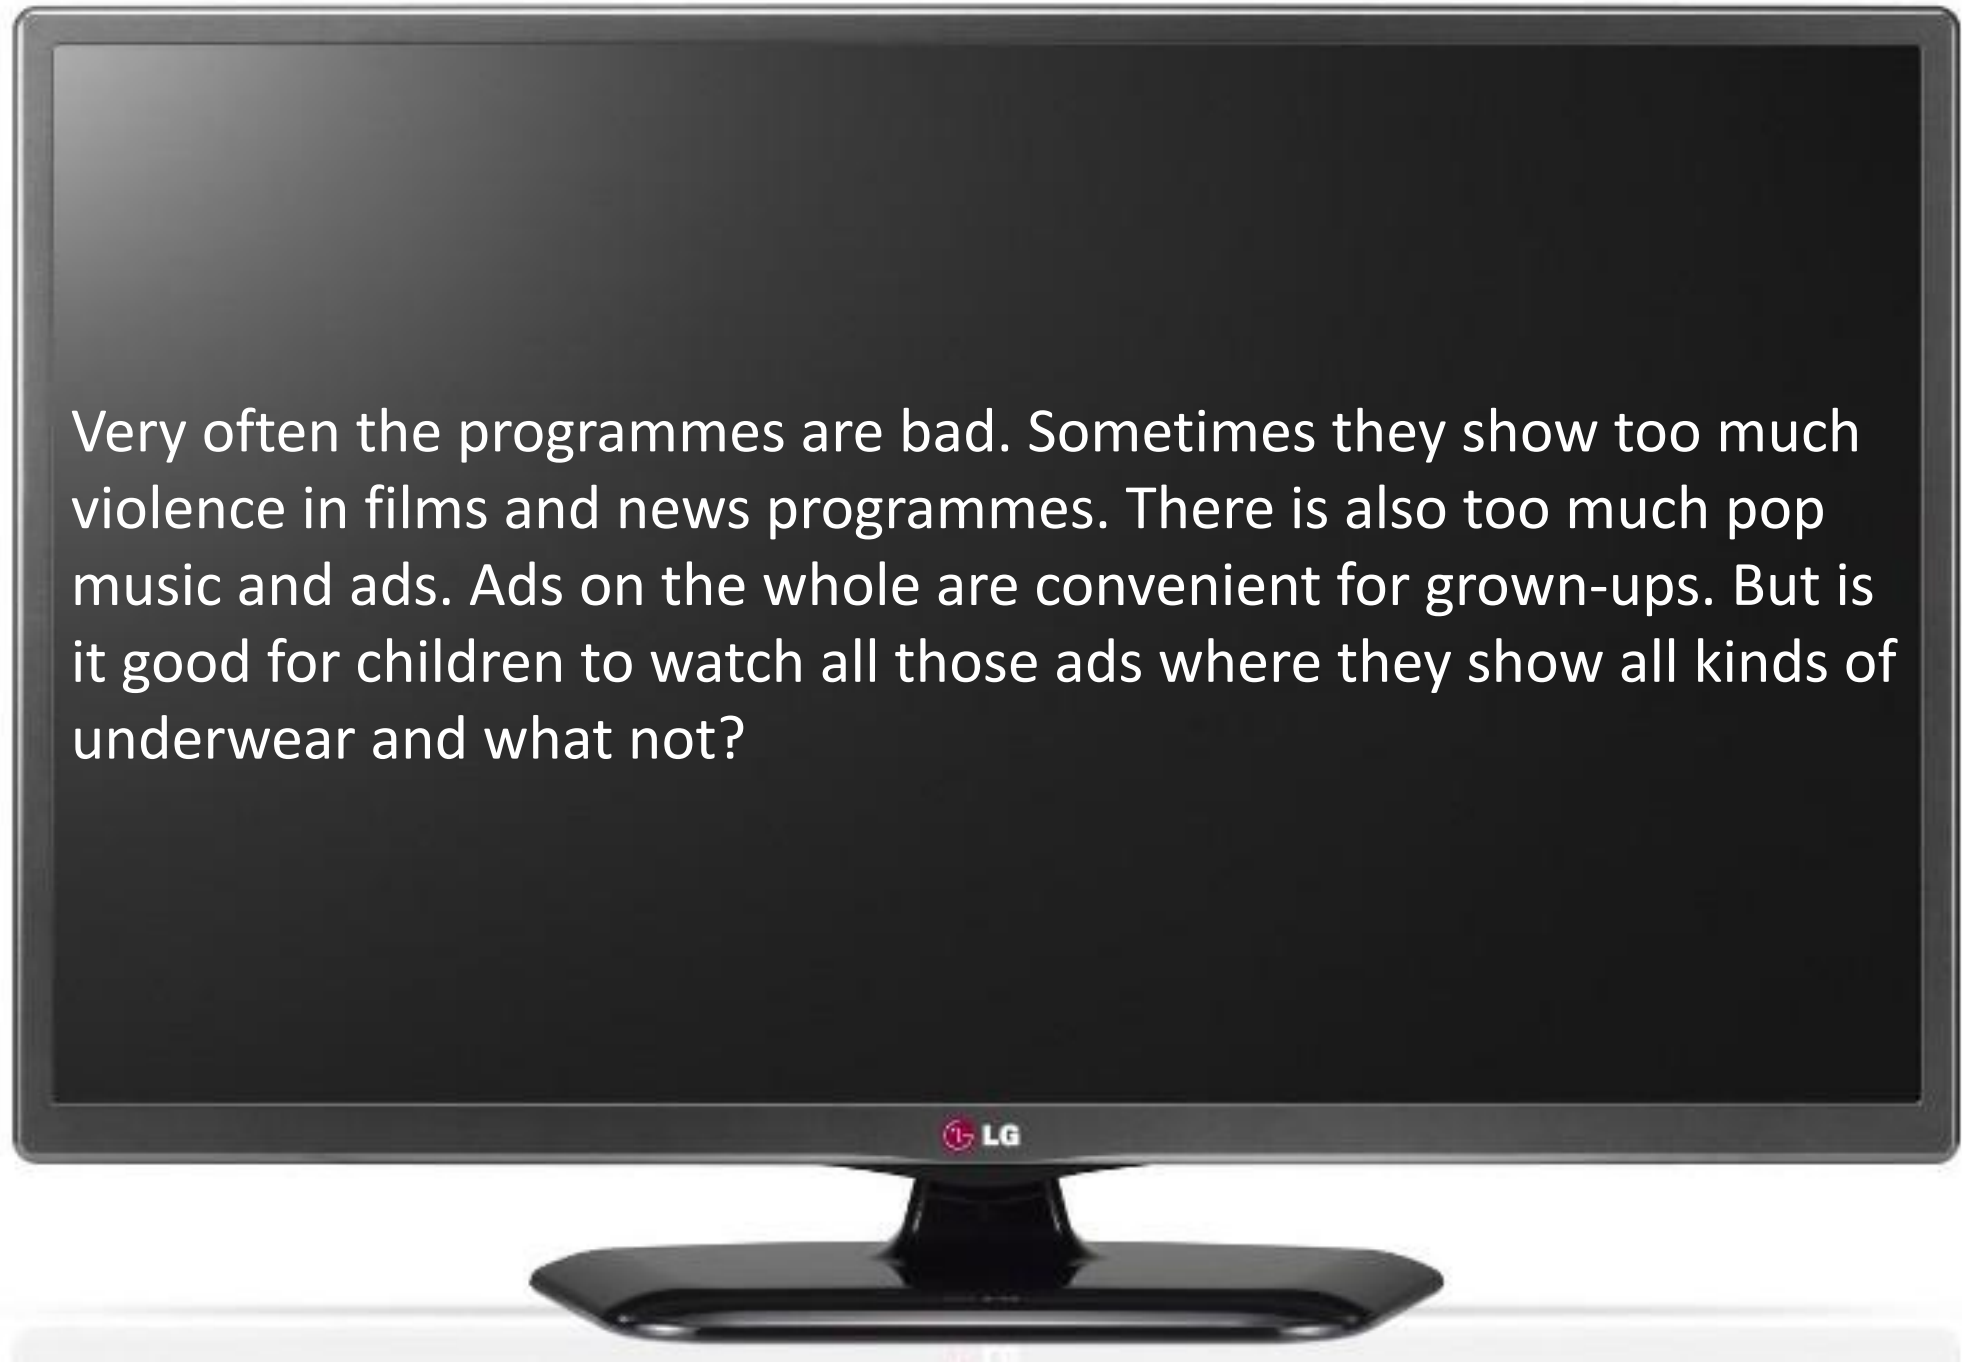

TV has a lot of channels and everybody can watch the programs he likes. Our television suggests various programs: talk show and game show, news and sporting events, about animals and about foreign countries and so on. Soaps-lovers can watch their favorite films almost every day.

My friend told me that when his TV-set broke down, he and his family found that they had more time to do things and to talk to each other. There are other arguments for and against television.

Very often the programmes are bad. Sometimes they show too much violence in films and news programmes. There is also too much pop music and ads. Ads on the whole are convenient for grown-ups. But is it good for children to watch all those ads where they show all kinds of underwear and what not?

Thanks for waching!
