

Children and parents

Misunderstanding...

Children
get upset,
when their
parents
don't
understand
them ...

Parents
often
get mad
with
their
children,
because
kids
disobey
them.

Strictness ...

- Children cry when their parents let them down.

They don't listen to me...

Violence...

**But what about friendship, trust,
love and respect?**

But I need attention too!!!

I am a child.

**I need your care and
love.**

I want you to play with me!

**I expect you to pay
attention to me.**

Trust...

Parents should live in harmony
with their children

**If your child refuses to listen
to you, try to understand him**

**They should pay attention
to their children**

• Your family is all that you have in your own life

**A united and friendly family is
excellent !**

Thank you
