bison - ?

geysers -?

extraordinary - ?

tourists -?

naturalists - ?

***Yellowstone is protected as a
national park.***

Winter scene in Yellowstone

Where is it?

It is in Great Britain

A photograph of a forest stream with mossy rocks and a wooden bridge in the background. The stream flows over large, moss-covered rocks, creating a small waterfall. The surrounding forest is lush with green trees and foliage. A person is standing on a wooden bridge in the background, looking towards the camera. The scene is captured in a long-exposure style, giving the water a soft, blurred appearance.

Welcome to
the Lake District
National Park

True or false?

1. The Lake District is the largest national park in England.
2. It is not beautiful.
3. The longest lake in England is in the Lake District.
4. There are no mountains in the Lake District.
5. Tourists don't like the Lake District.
