about history and  
entertaining moments of  
our life

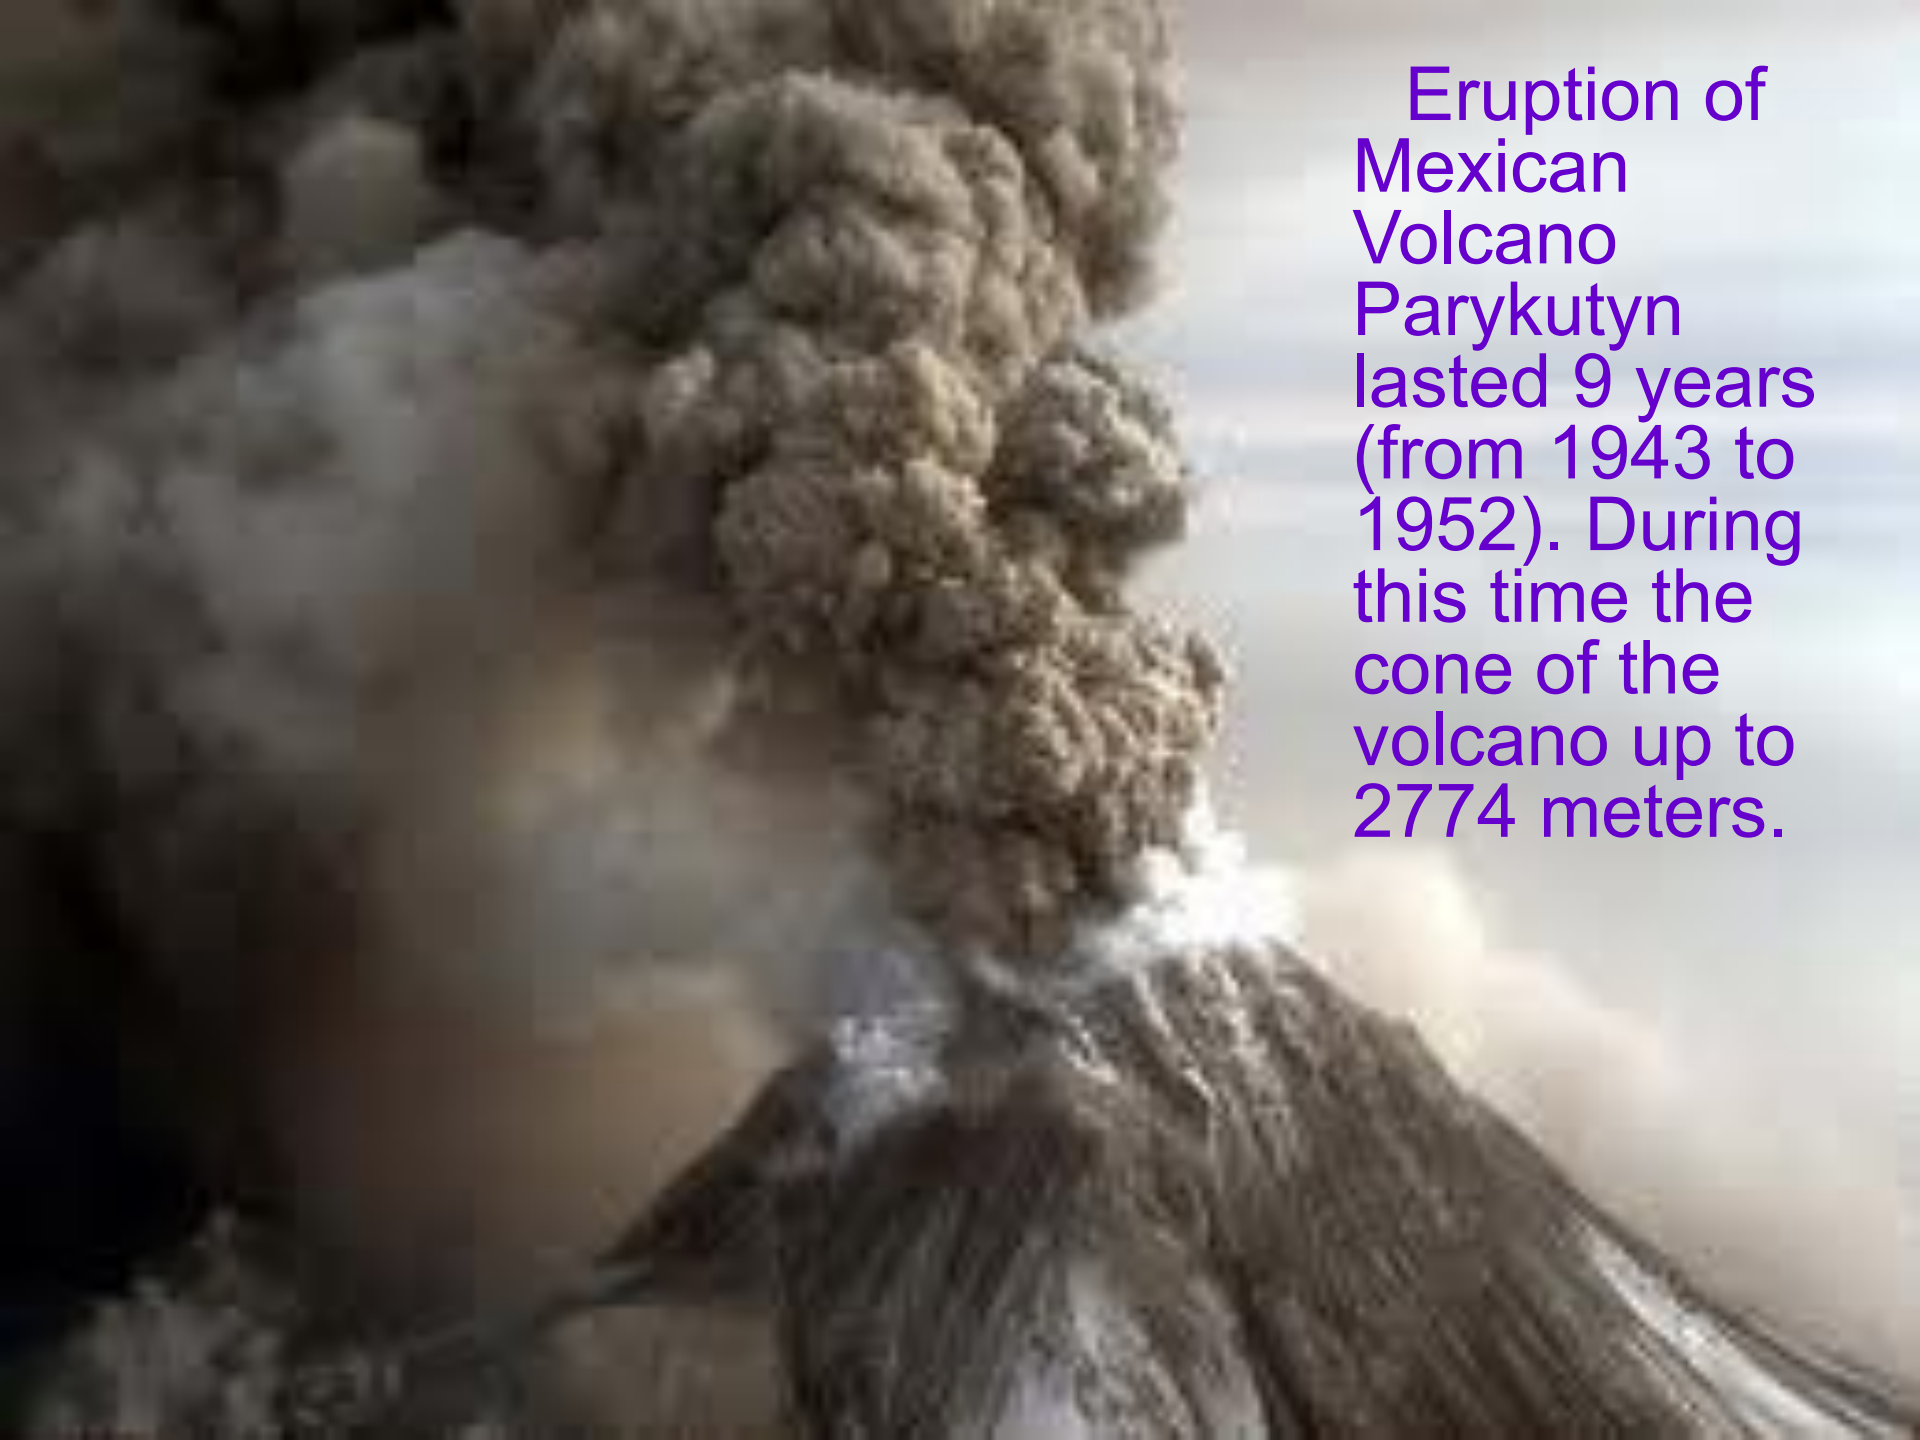

In 1700, in Paris there was a strange fashion - when women come out in bad weather, they wore hats with ... lightning. Clearly, it wasn't the best practice, as a result of accidents due to lightning hitting only increased

The shortest war in the history was a war between Britain and Zanzibar on August 27 1896. It lasted exactly 38 minutes.

---

A photograph of a volcanic eruption. A massive, dark, and billowing plume of ash and smoke rises vertically from the summit of a mountain. The plume is dense and textured, with various shades of grey and brown. The mountain's slopes are visible in the foreground, showing a rugged and rocky surface. The sky is a pale, hazy blue, providing a stark contrast to the dark volcanic activity.

Eruption of Mexican Volcano Parykutyn lasted 9 years (from 1943 to 1952). During this time the cone of the volcano up to 2774 meters.
