

Notes about the film

To make notes about the film you must describe your impressions about the story of the film, about the acting, the images or the special effects and about the music in the film.

- The story is(was)...
- The acting is(was)...
- The images/special effects are (were) ...
- The music is(was)...

Example :

positive impression

- I'm a big fan of science fiction and fantasy. I loved "Avatar". It's a sci-fi film. **The story** was really gripping. **The acting** was very good. **The special effects** were really spectacular and **the music** was also nice.

Example :

negative impression

- I'm not a big fan of romantic stories and musicals . Last Sunday I watched “Love in a big city”. It's a romance and comedy. I can't stand it. The story was really predictable. The acting was bad. The special effects were poor and was dull.
