

Complex Object

Сложное дополнение

На русский язык Complex Object переводится
придаточным предложением с союзами что, как, чтобы.
При этом существительное или местоимение в косвенном
падеже становится подлежащим, а инфинитив —
сказуемым.

Я хочу, чтобы вы пришли в 5.

A diagram illustrating the translation of the sentence "I want that you will come at 5." It features two blue smiley faces. The first smiley face is followed by a double equals sign (=) and an empty circle. The second smiley face is followed by a double equals sign (=), a dashed line (---), and the text "I want that you will come at 5." The word "that" is circled in blue, and "you will come" is underlined in red.

A diagram illustrating the translation of the sentence "I want you to come at 5." It features two blue smiley faces. The first smiley face is followed by a double equals sign (=). The second smiley face is followed by the word "(to)" in green, and then the text "V₁/ V_{ing}" in green. The word "(to)" and the text "V₁/ V_{ing}" are underlined with a double blue line.

I want you to come at 5.

(to) V₁ / V_{ing}
