

# A Project

---

**"An Ideal Welfare  
State"**

# A Welfare State has three basic principles:

---

- Liberty
- Equality and
- Love

# It means:

- All people are free

- All people are equal

- All people have the right to live in love

# A Welfare state Operates in

Social  
sphere

Security  
sphere

Health care  
sphere

# All people

---

- Have allowances
- Are under protection
- Can get free medical service

# The Government and

---

The Government  
and

The Local Administration

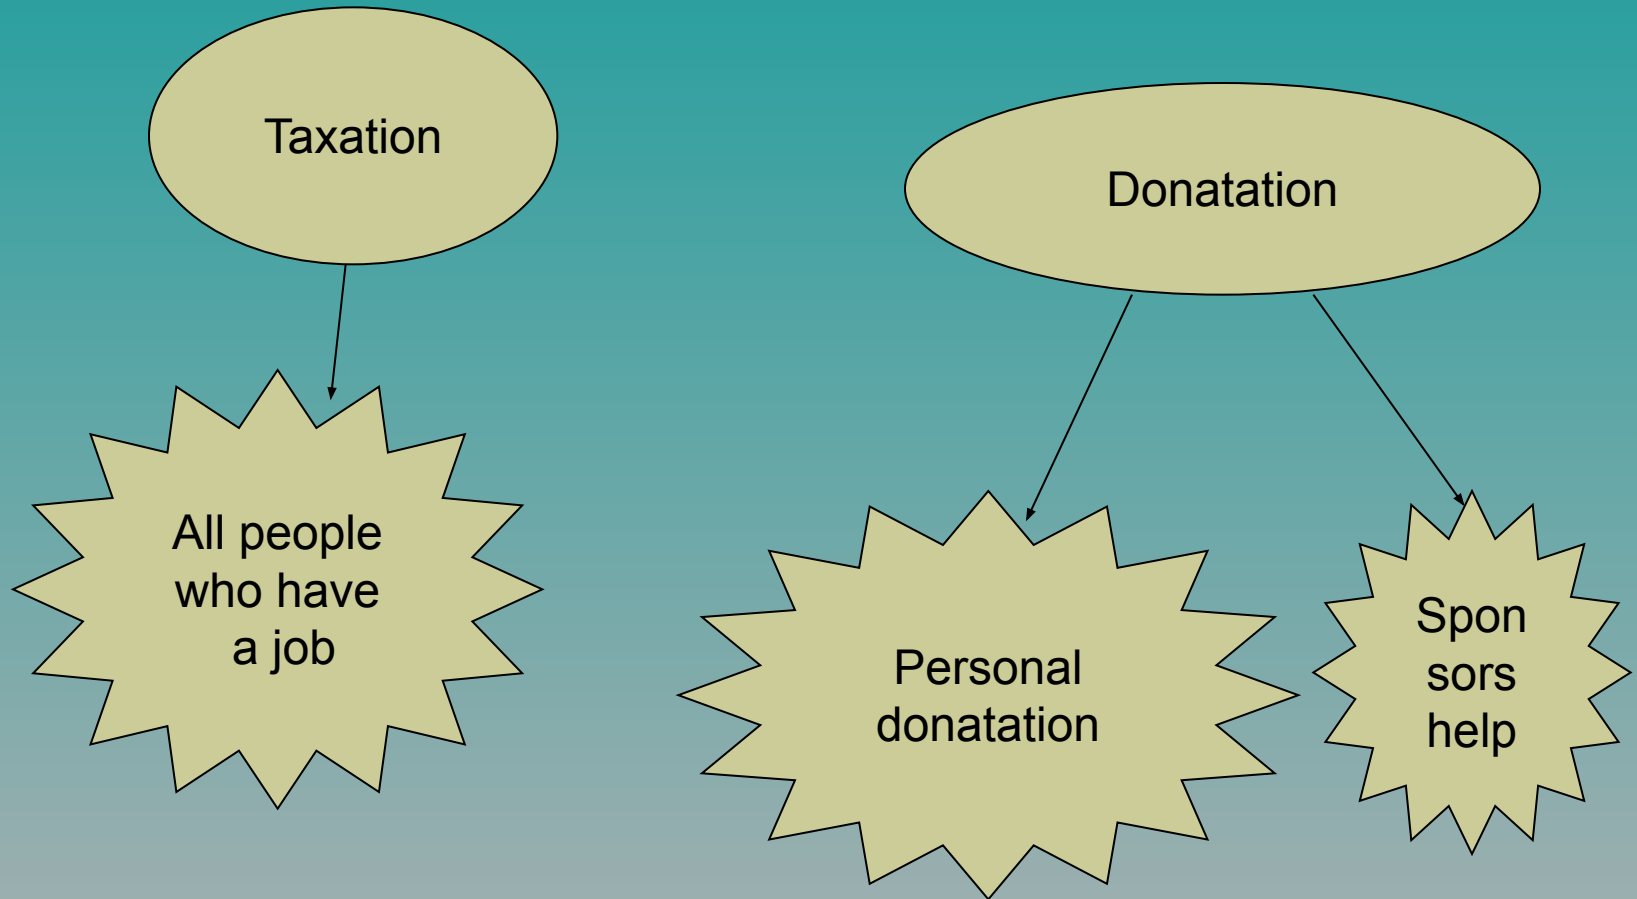

Are responsible for it

```
graph BT; A[Are responsible for it] --> B[The Government and]; A --> C[The Local Administration];
```

The diagram consists of three yellow rectangular boxes with black borders. At the top, a title 'The Government and' is followed by a horizontal line. Below this, there are two boxes: 'The Government and' on the left and 'The Local Administration' on the right. At the bottom, a wider box contains the text 'Are responsible for it'. Two arrows originate from the top of this bottom box: one points to the bottom center of the 'The Government and' box, and the other points to the bottom center of the 'The Local Administration' box.
