It was ...
Until I installed ArchLinux.

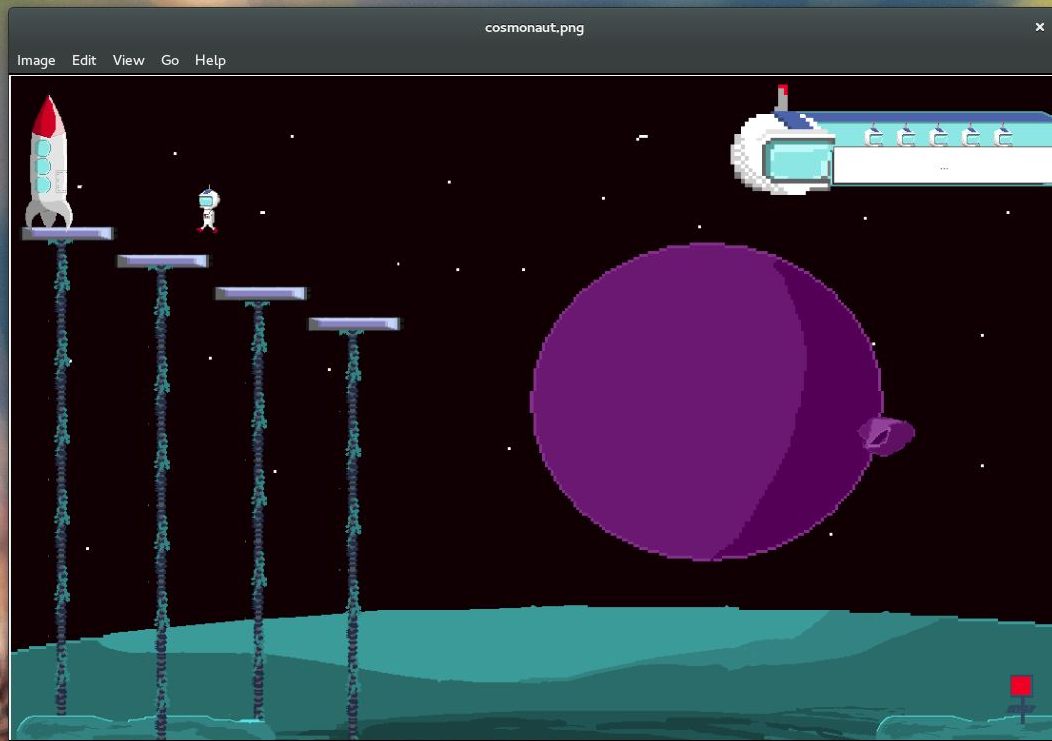

I have many friends.
And I like spending time with

This is me with my
nephew Svyatoslav.

Together we did a lot of
stupid things and not
very.

For example, the game
Cosmonaut,

Now, I study at the
College of information
technology in the
group 4434.

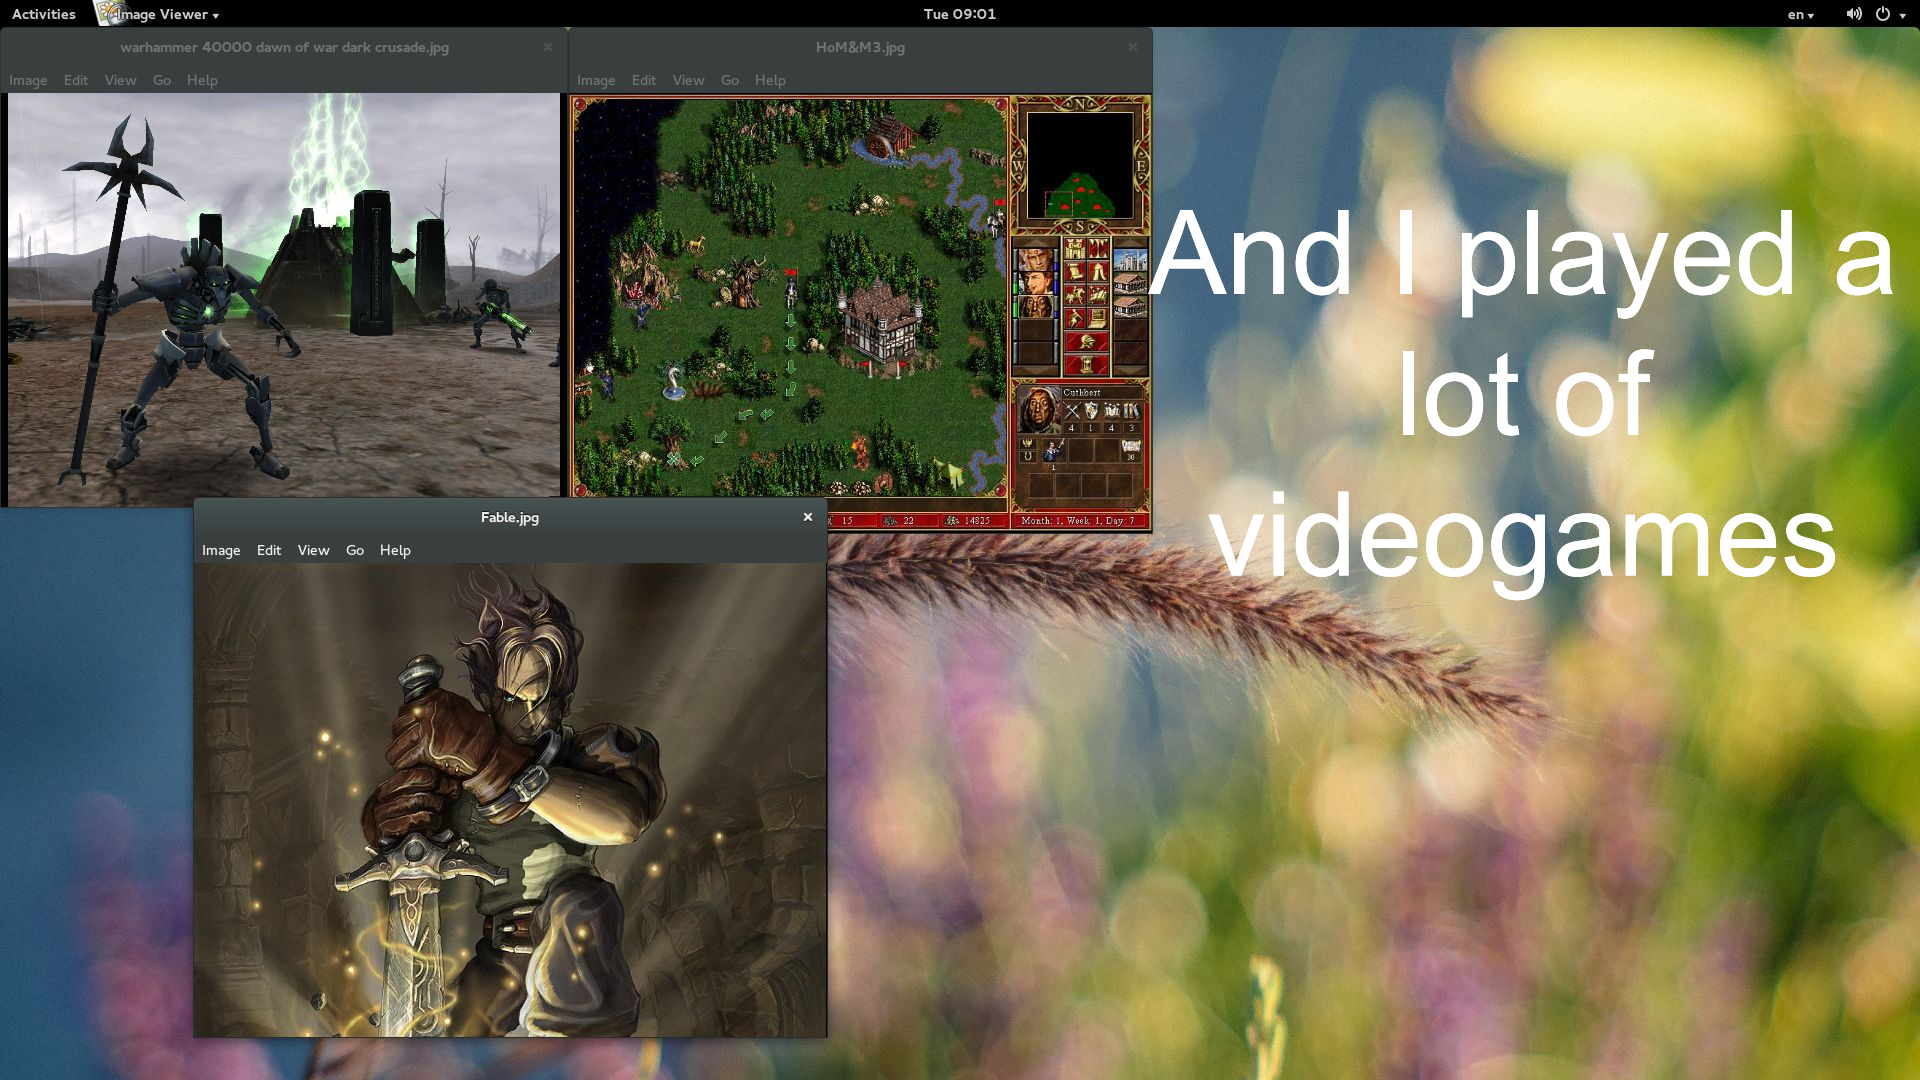

This year we are
finishing college!

But I have a problem.
I'm still unemployed.

I watched a
lot of anime.

And I played a
lot of
videogames

So I began to devote more time to programming.
