

An ideal friends.

- My ideal girlfriend named Valeria.
Her photos:

- Valeria is an honest, reliable, keeps all my secrets, support me in difficult moments. She is very intelligent, loyal and sincere, we have a lot of similar interests and hobbies. We trust each other. Leroy always helps me and I can rely on it, just as she did for me. She has a sense of humor. She's always fun and well, she is a wonderful person.
I am happy that I have the perfect friend.

- "A friend is someone you can be alone with and have nothing to do and not be able to think of anything to say and be comfortable in the silence"
Friends are very important in our life.

A true friend is not clingy, but she always takes care of me. First of all, regardless of friendship, often to keep in touch and that can occur together or separately. Perfect one does not have to be perfect, and they do not necessarily remind me of the same.

- I think the perfect one to be honest and support. Perfect friend who always tries to understand you and keeps its secrets. Each must not be very smart, but friends should have similar interests. If you are in trouble ideal friend will always help you. You can rely on him. Friends should be loyal and never betray each other.

- For me, there are three main things to determine my ideal friends who are sincere, support and empathy.

True friend must be sincere. They're honest and reliable. They know which things about you that they could and couldn't tell the others. They are whom you feel comfortable to talk with about any kinds of topics, even politics or religion.
