

Earning money online

Prepared presentation
Edward Ftemov

Ways of earning online:

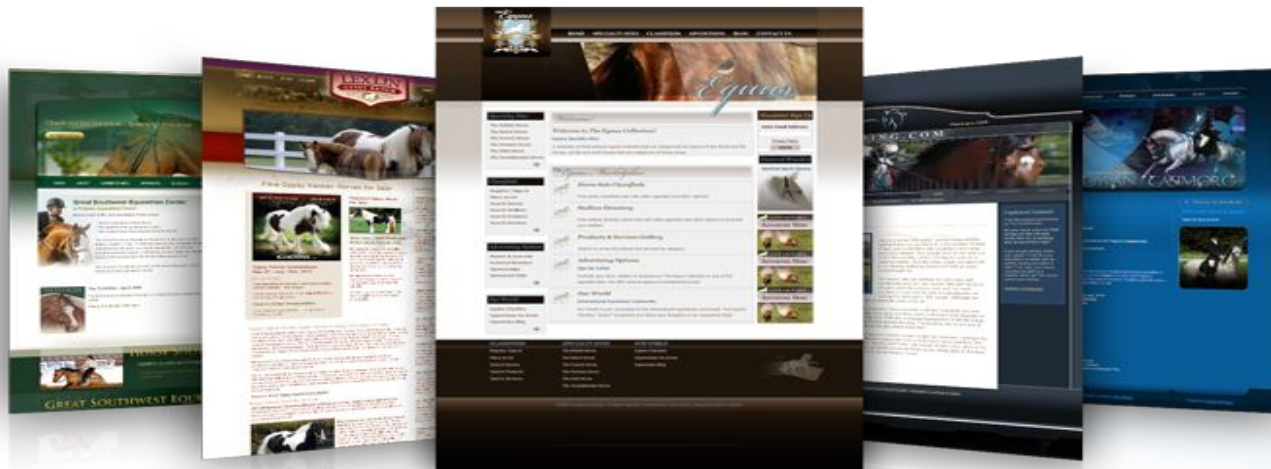

- Creation websites
- Using a channel on YouTube
- Writing Articles
- Online stores
- Create software
- Sell photos
- and more

Creation websites

Now the information age. And everyone wanted to have a website. Therefore this profession is popular and you can earn a lot of money. But you need to have a good preparation, you need to know programming and English.

YouTube

To make money on YouTube need to create video.
When people watch videos on your account to transfer money.

Writing Articles

If you can write well, and in need of money, then writing articles for money for you.

All you need to do is write an article and sell it.

Online stores

You can work in shops without leaving home. You can sell products while being at a distance.

Create software

Software development is a very interesting work
Programmers develop software .You can stay at home and sell programs but you must have Internet.

Sell photos

Nowadays photographer working very profitable and easy. You can take pictures anywhere and anything and for it to have money. For this only need to reset the photo in an online forum.

Conclusion

Online earnings is real. Earning online requires knowledge , skills and experience.
