1 Describe the picture. Where is Joe?

2 Read.

Dear Anwar

How are you? I hope you and your family are well! I'm on holiday in Italy at the moment and we're in Rome. It's a really beautiful city.

We arrived last Saturday. It was a long journey, but it was good fun. We left at 4 o'clock in the morning and travelled by car to the airport. I bought some magazines and some sweets before we got on the plane, so I was happy! Then we took a taxi from the airport to our hotel.

Our hotel is in the city centre. It's a very old building, but it's comfortable. There are lots of old buildings in Rome because it's an ancient city. Yesterday we went to the Coliseum. Do you know what that is? Well, it's an ancient theatre and the Ancient Romans built it 2000 years ago. People went there to watch games and sport. We walked round the Coliseum with our guide and I learnt a lot about the Ancient Romans. It was very interesting.

This morning we went to the National Museum. We didn't see all of it because it's enormous. We saw lots of statues and things from Ancient Rome. Then, we had a drink in the café and then we went to the shop. I bought some postcards, my mum and dad bought a book about Italian art and my little sister bought a badge!

After we left the museum, we went to a restaurant and had a pizza. There are lots of fantastic restaurants here and the food is brilliant! We have pasta or pizza and Italian ice cream every day. We always sit outside because the weather is very hot. My favourite pizza is called Quattro formaggi. This means pizza with four kinds of cheese!

Write soon and tell me about your holiday.
Are you at the beach? Are you having fun?
From,

Joe

Writing skills 6 A magazine article

Saving the Black Rhino

Black Rhinos are large, powerful animals. They live in Africa. People call them Black Rhinos, but they are really grey. They have huge bodies and very thick skin. They look scary, because they have big horns on their heads, but Black Rhinos don't eat other animals. They eat plants and fruit.

Black Rhinos are an endangered species. 100 years ago, there were hundreds of thousands of Black Rhinos in Africa. But by 2004, there were only about 2,500 black rhinos in the world. Today, things are getting better. The Black Rhino population is growing again, but the Black Rhino is still in danger.

Sadly, there are many threats to the Black Rhino. People hunt rhinos for their horns. They use rhino horns to make medicine or to make special knives. Another threat to the Black Rhino is loss of habitat. These days, people are building more and more houses, so there is not enough land for the rhinos to live on.

Luckily, an organisation called the International Rhino Foundation is trying to help the Black Rhinos. They have teams of people working in Africa to try and increase the Black Rhino population. The teams look after rhinos when they are ill or hurt. They also stop people from hunting rhinos and they move rhinos to safe places when the rhinos are in danger. The International Rhino Foundation is going to continue to protect Black Rhinos and they hope that one day, there will be hundreds of thousands of Black Rhinos in Africa again.

Ask and answer.
Before reading:
1. Look at the title and the photo. What do you think the article is about?
After reading:
2. How many paragraphs are there in the article?
3. What do we call the first sentence in each paragraph?
4. Where can you find articles?
5. Do you read articles? Why/why not?

Writing tips:
When we write a magazine article, we divide the information into paragraphs.
We write about a different topic in each paragraph.
In this article:
paragraph 1 background information
paragraph 2 how things are now
paragraph 3 a problem
paragraph 4 a solution.
We use topic sentences at the beginning of each paragraph to show what the paragraph is going to be about.
We use and to link two similar ideas.
We use but to link two different ideas.
We use adjectives to describe things and make our writing more interesting.
