- **Joanne "Jo" Rowling**, OBE(born 31 July 1965),better known as **J. K. Rowling** is a British author best known as the creator of the Harry Potter fantasy fantasy series, the idea for which was conceived on a train trip from Manchester to London in 1990. The *Potter* books have gained worldwide attention, won multiple awards, sold more than 400 million copies and been the basis for a popular series of films, in which Rowling had overall approval on the scripts as well as maintaining creative control by serving as a producer on the final instalment.
- Rowling is perhaps equally famous for her "rags to riches" life story, in which she progressed from living on benefits to multi-millionaire status within five years. As of March 2010, when its latest world billionaires list was published, Forbes estimated Rowling's net worth to be US\$1 billion. The 2008 Sunday Times Rich List estimated Rowling's fortune at £560 million (\$798 million), ranking her as the twelfth richest woman in Great Britain. Forbes ranked Rowling as the forty-eighth most powerful celebrity of 2007, and Time magazine magazine named her as a runner-up for its 2007 Person of the Year magazine named her as a runner-up for its 2007 Person of the Year, noting the social, moral, and political inspiration she has given her fandom. In October 2010, J. K. Rowling was named 'Most Influential Woman in Britain' by leading magazine

- This novel begins when Harry and his cousin, Dudley Dursley, are attacked by dementors. Harry uses magic to fight them off and must attend a disciplinary hearing for underage magic. In response to Voldemort's reappearance, Dumbledore has re-activated the Order of the Phoenix, a secret society which works to defeat Voldemort's minions and protect his targets. Despite Harry's description of Voldemort's recent activities, the Ministry of Magic and many others in the magical world refuse to believe that Voldemort has returned, and are causing a smear campaign against Harry and Dumbledore.
