

Healthcare in Russia

Medical units

Minister Health Service

- Veronika Skvortsova - neurologist and neuroscientist, corresponding member of RAMS, doctor of medical Sciences, Professor, Minister of health of the Russian Federation.

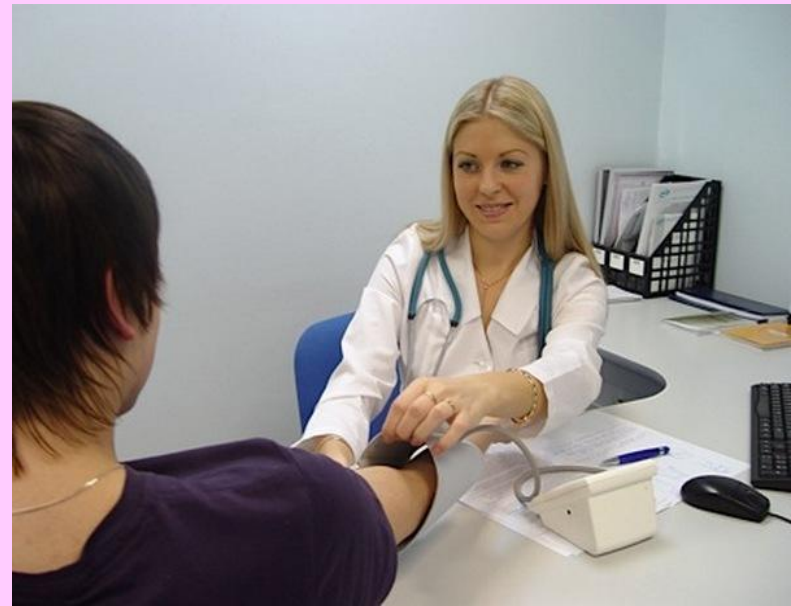

Salary

- the average salary of physicians - 26 thousand rubles, about \$ 800
- the minimum salary in Russia now amounts to 13,2 thousand rubles.

- 600000 doctors are working in Russia, however doctors are not enough, because interns are leaving medical sphere.
- Private medicine is not spreading now, because this medicine is very expensive.

Equipment

- In the town equipment is old, but in capital that is modern and different.

Medical programmms

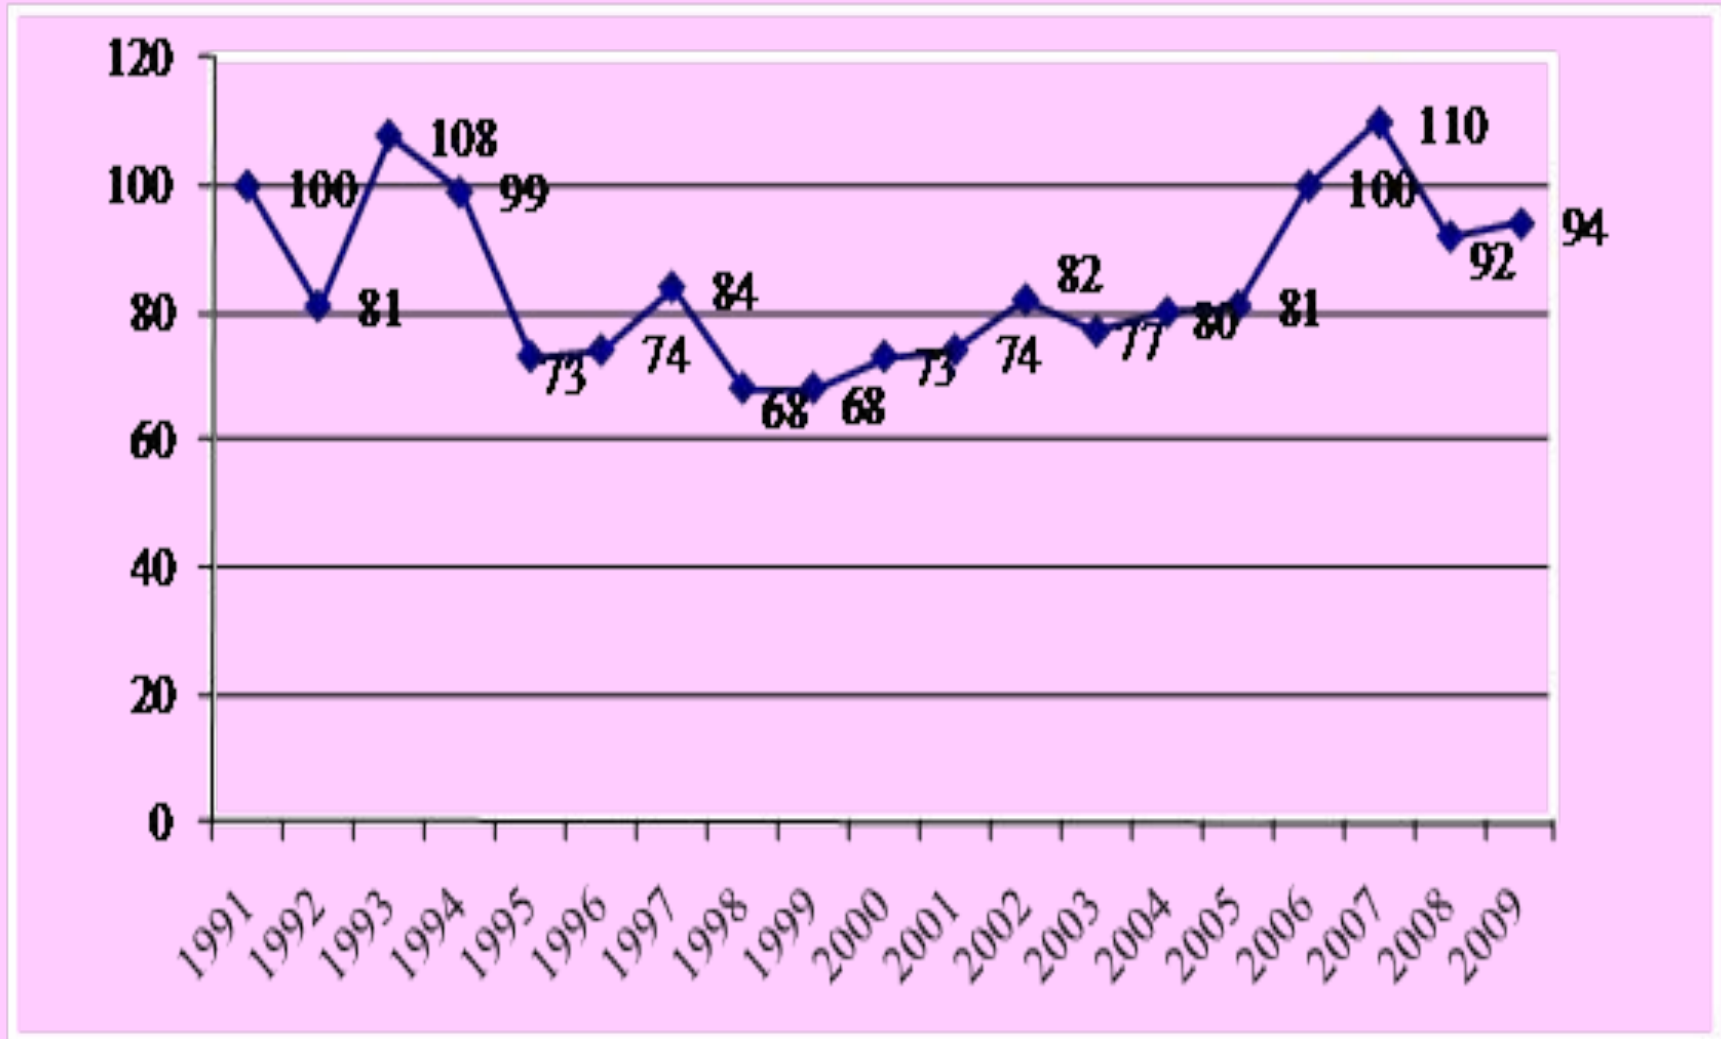

- Medical insurance
- Vaccination
- Emergency ambulance service

- In Russia paid and free service is appearing.
