

Internet or TV? (social research)

Shishov Oleg, 11A class

Plan of research

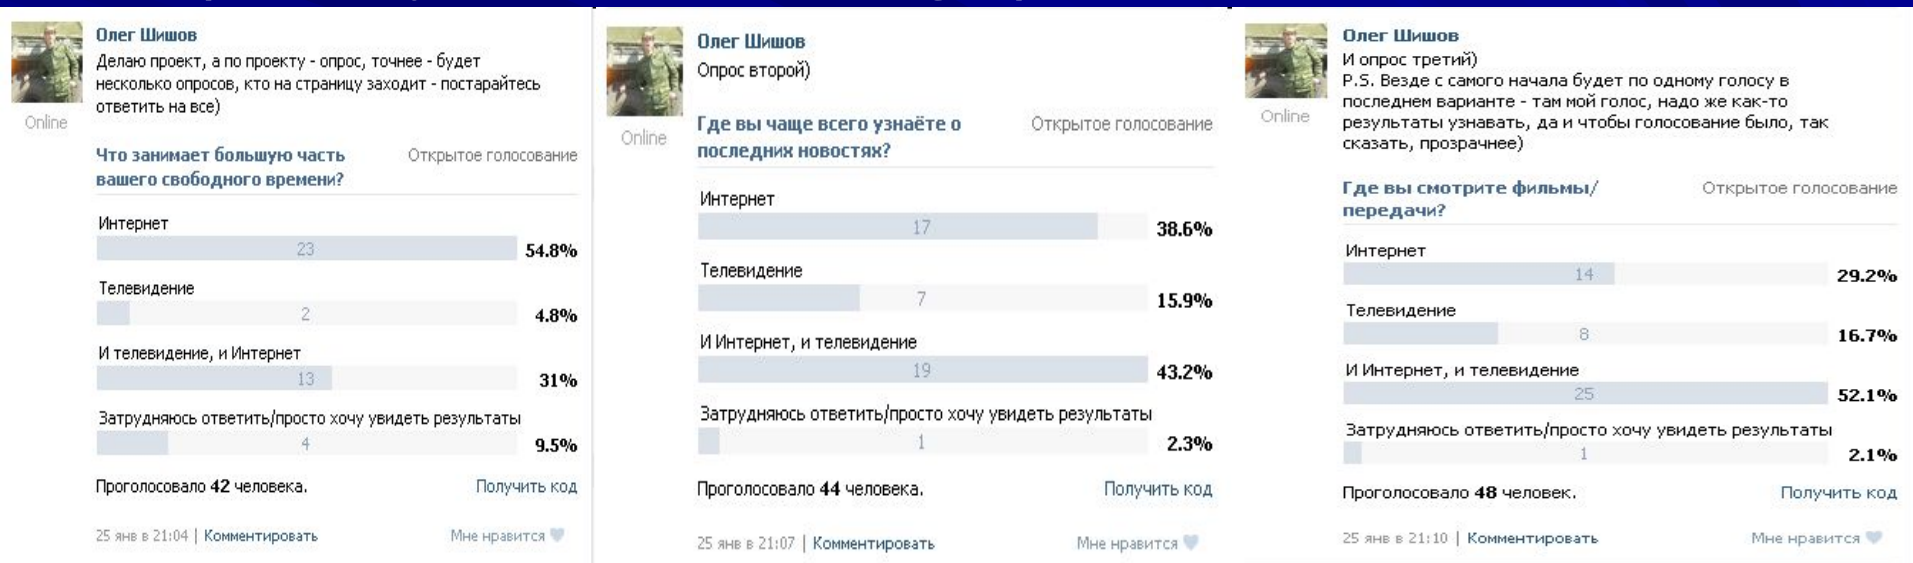

- Aim of research, hypothesis
- Method of researching
- Conclusions
- More about results

Aim of reserach

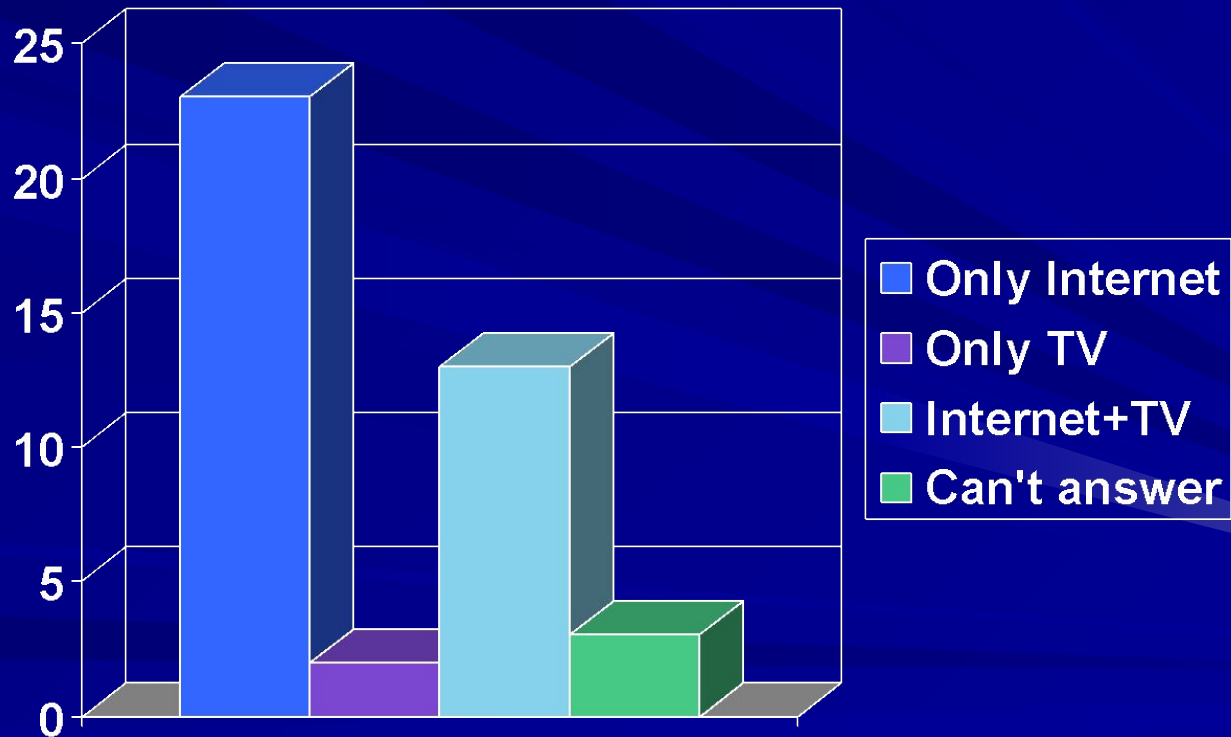

- Absolutely leading of Internet in our life

Method

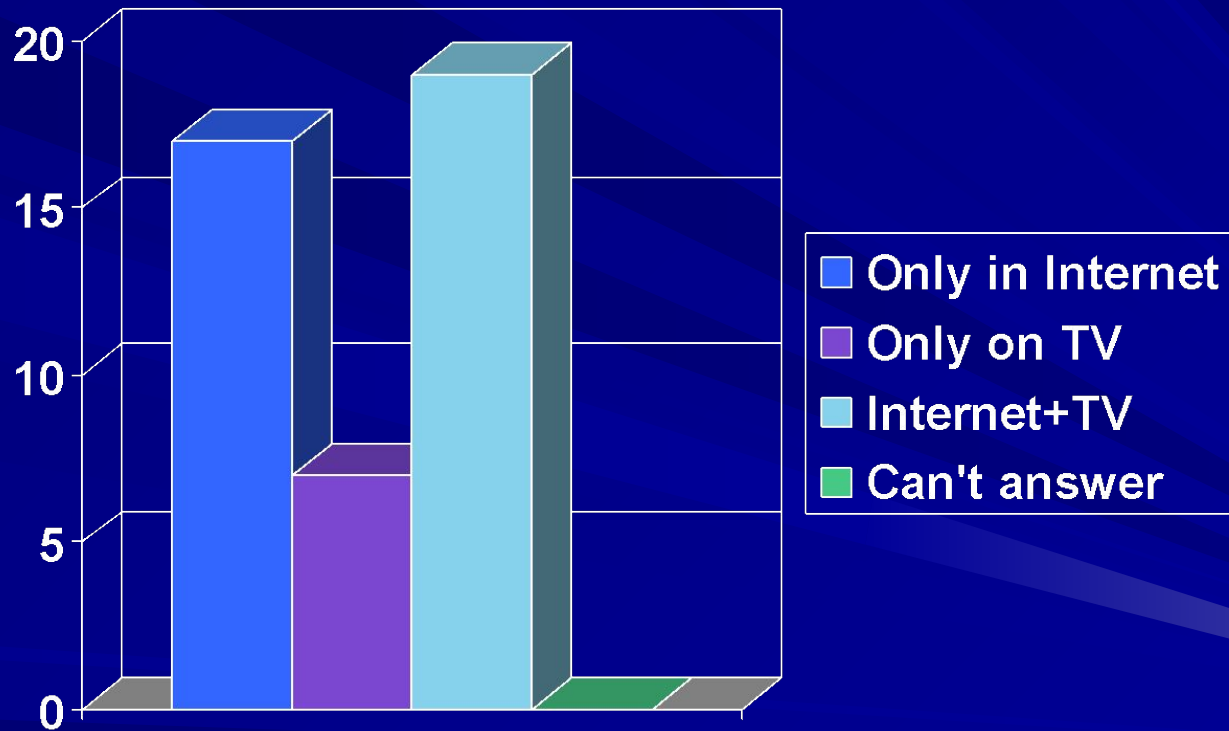

- Questioning in “VKontakte” social network (on my personal page)

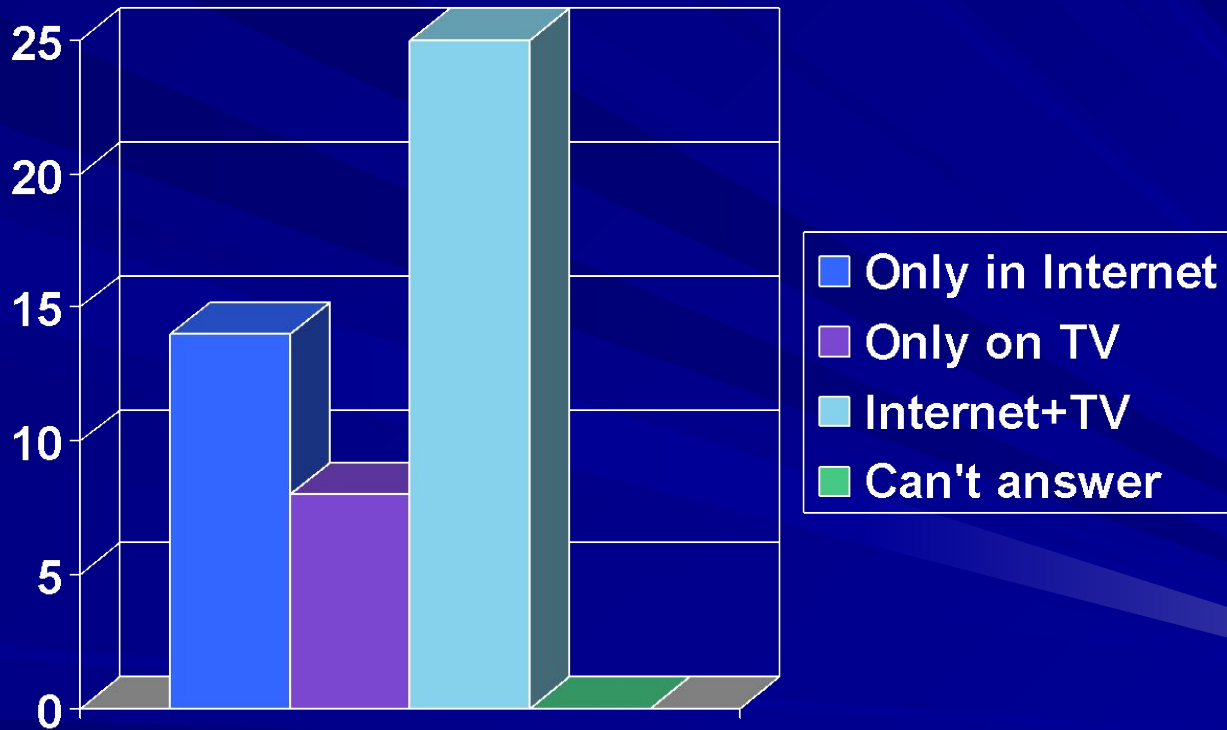

What is take up your free time mostly?

Where are you learn about last news?

Where are you watching TV programs and films?

Conclusions

- My hypothesis wasn't proved. More of people often spend their free time in Internet, but they also use the TV as a information source and watching programs and films on TV.
