

A MANUAL WORKER: THE PRICE OF HIS LABOR

Marat Komekbayev (ID: 20122743)

Academic Reading and Writing 2

- "My family is forced to eat soup with no ingredients in it"

(personal communication, November 7, 2013)

Manual labor

- The word “manual” comes from Latin language and means “hand”.

Research question:

How much are people who do manual labor paid and are they compensated fairly?

Methods used:

Results:

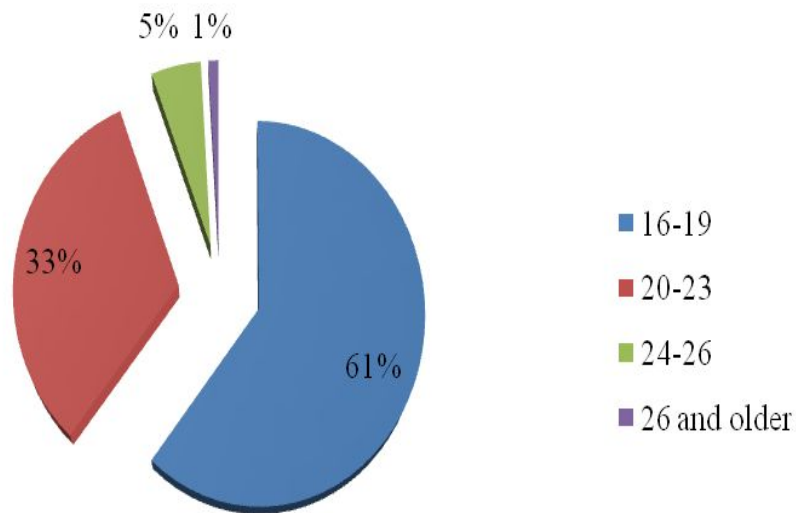

Figure 1. Age range of the participants

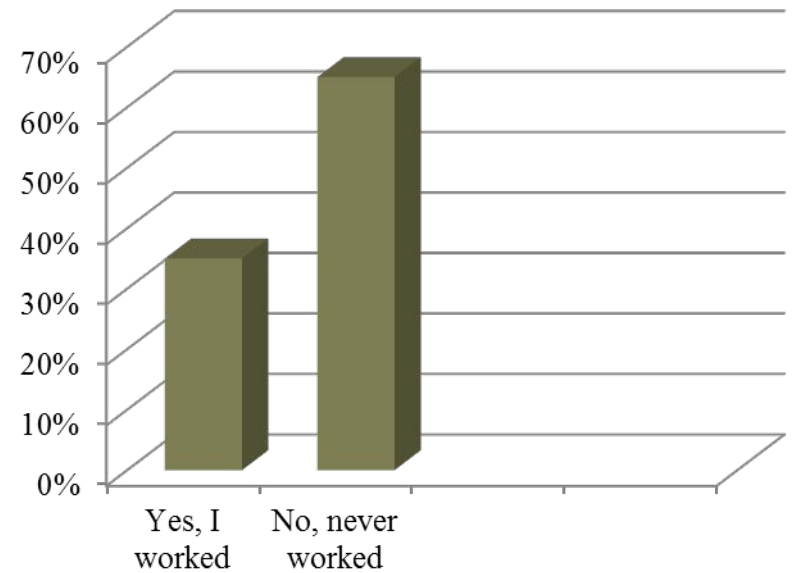

Figure 2. Working experience

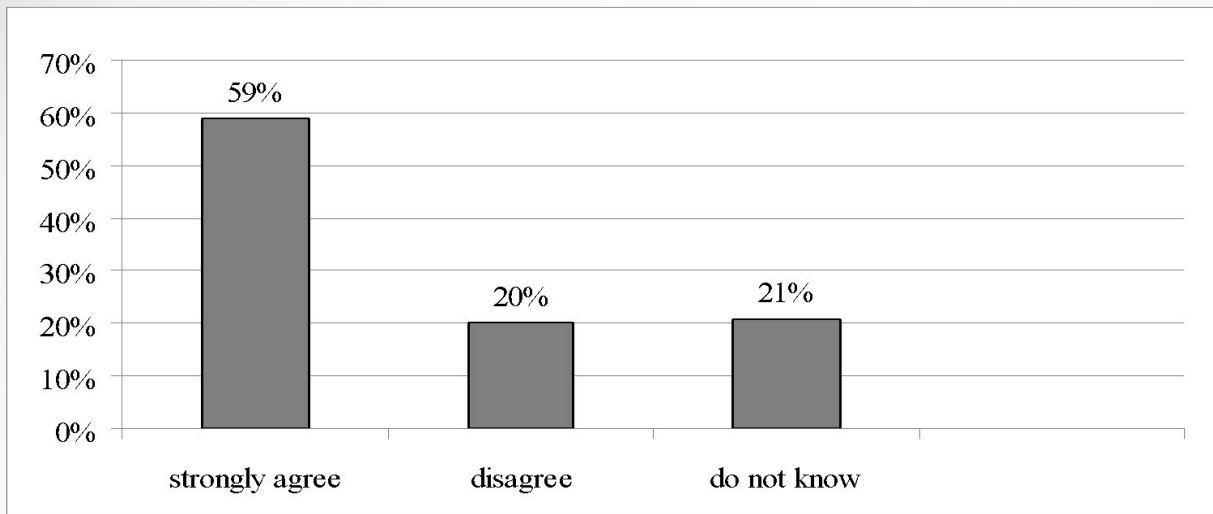

Figure 3. Manual labor is the most difficult type of labor

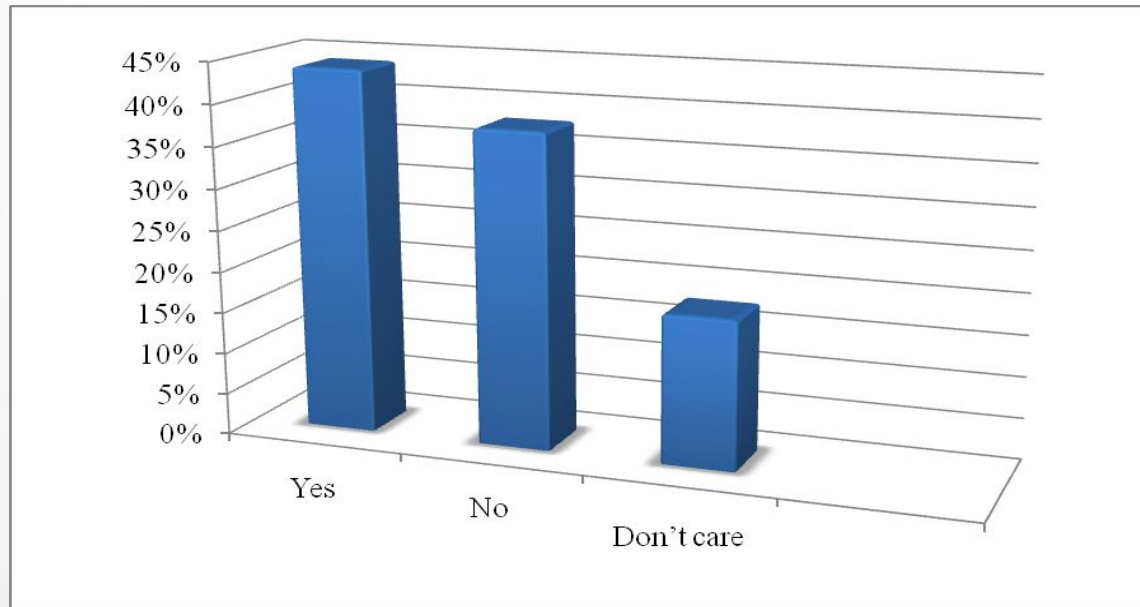

Figure 4. Manual workers are paid less than they deserve

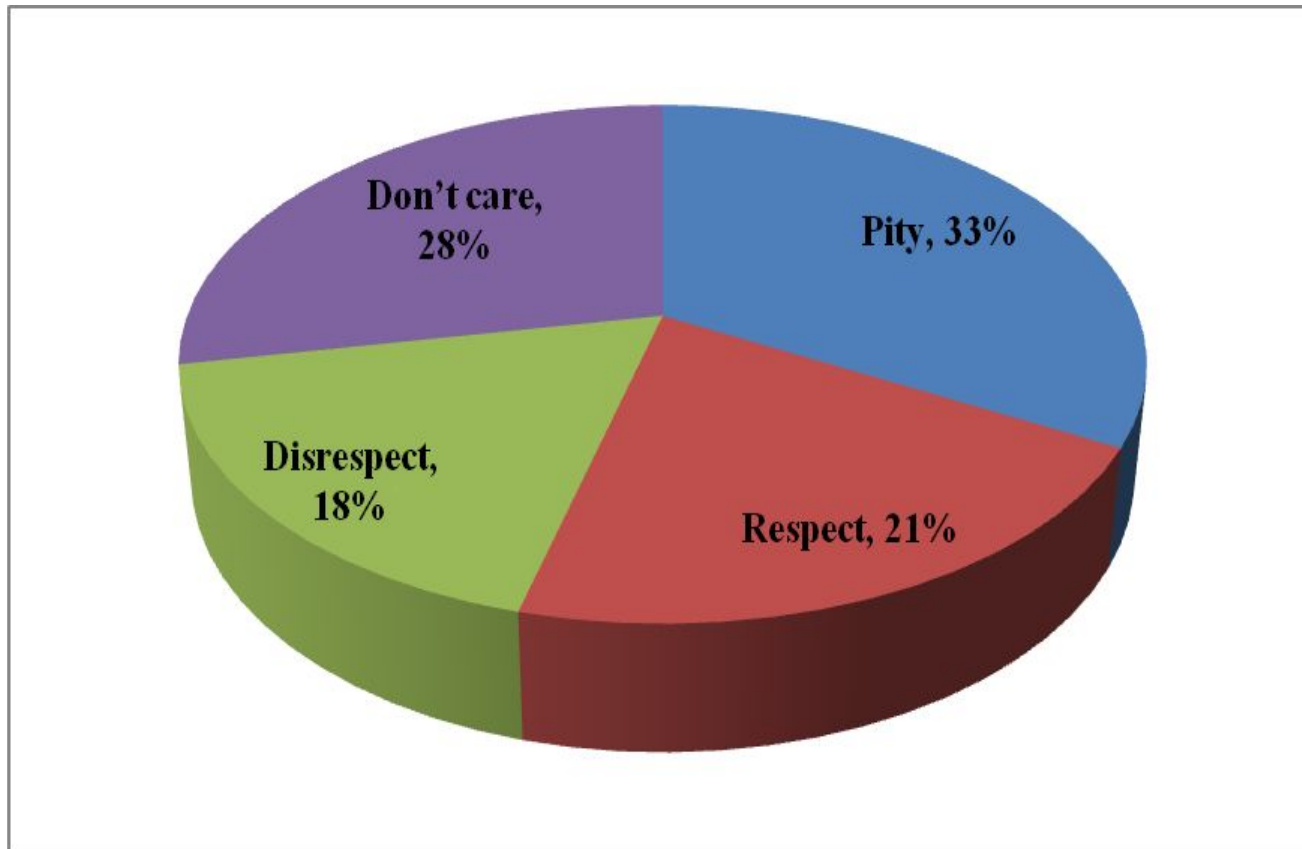

Figure 5. First feeling of the respondents when they see a manual worker

Interview

- ☐ were forced by certain circumstances to become the workers that they are now
- ☐ disrespectful attitude from others
- ☐ unfair salaries
- ☐ no opportunity to choose the job they would like
