Teenager journalism and the idea of creating an art magazine for children

Alice Shitikova

Plans for my future career

An idea of creating an art magazine for children:

- connection with my hobbies, work;
- connection with my studies;
- interesting to join children to art in early childhood;
- promising idea, etc.

An art magazine for children

Points to decide:

- Is it necessary?
- Would it be necessary?
- Periodity = ?
- Age of readers = ?
- Circulation = ?
- Number of pages = ?

An art magazine for children

- The main purpose of creation a children magazine specializing in art is to join young readers to art.

And here stands the question – **HOW?**

An art magazine for children

Main features:

- understandable structure;
- understandable issues;
- colorful images, photos, pictures;
- easy texts;
- vocabulary of professional art terms;
- list of artists and works; etc.

An art magazine for children

To make reading entertaining:

- simple tests;
- puzzles;
- scanwords;
- quizzes;
- fields-to-color; etc.

An art magazine for children

Bonus idea:

- a possible creation of a web-edition

How I stepped on the way of being an editor

- city newspaper (journalist);
- school newspaper (journalist);
- school newspaper (editor);
- several special editions for some competitions (journalist, editor) – “Faces of Petersburg”, “Formula of reading”, etc.
- specialization in my university
