Кто выйдет победителем?

английский русский немецкий Определить язык русский английский украинский Перевести

Who will emerge victorious?  
The plane, sadly, is the winner here. The poor little bird will be a loser since he has been clipped by the wing. Although the bird can be seen fluttering his tiny wings on his descent to Earth, we doubt he survived the fall.

Кто выйдет победителем?  
Самолет, к сожалению, является победителем здесь. Бедный птичка не стоял шанс, когда он был обрзан крыла. Несмотря на то, что птица может рассматриваться развевающихся крошечные крылья на его спуска на Землю, мы сомневаемся, что он пережил падение.

Самолет, к сожалению, является победителем здесь. Бедный птичка не стоял шанс, когда он был обрзан крыла. Несмотря на то, что птица может рассматриваться развевающихся крошечные крылья на его спуска на Землю, мы сомневаемся, что он пережил падение.

# Птица против Самолета: Кто выйдет победителем?

by Storyful 0:48 mins

Самолет, к сожалению, здесь победитель. Бедная маленькая птичка не могла тягаться, когда была подрезана таким крылом. Хотя птицу можно видеть машущую крыльями во время движения к земле, мы сомневаемся, что она выжила после падения.

## 10 TOP TIPS FOR IMPROVING YOUR SPOKEN ENGLISH

<http://www.englishtown.com/blog/10-top-tips-improving-spoken-english/>

*Practicing speaking is one of the most fun and rewarding parts of learning English. Once you can speak even a little English, there are loads of ways to improve your skills quickly while having tons of fun. Here are ten top tips for improving your spoken English and having a great time while you do it!*

### *Speak, speak, and speak!*

Be confident and speak as often as possible to as many people as you possibly can! Do not be shy to make mistakes! The more you practice the better and more confident you will become in your pronunciation and vocabulary. Remember, speaking is a skill like learning a musical instrument or new sport – the only way you can get good is to actually do it!

### *Use technology*

A smartphone can be a powerful tool for learning languages. Use it to record yourself speaking then listen back to see how your English sounds to other people. Make the most of all your favourite productivity apps to organise your practice time and make a note of all the new words you learn.

### *Listen*

Listen to news bulletins and songs in English to listen to the pronunciation of words. You can also learn new words and expressions this way. The more you listen, the more you learn! Try copying what you hear to practise your pronunciation and learn which words in a sentence are stressed.

### *Read out loud*

Read the newspaper or a magazine out to yourself. You could even find a script for your favourite TV show and act it out! This is a great way to practise pronunciation because you only need to concentrate on making sure you English sounds great and don't need to worry about sentence structure or grammar.

### *Learn a new word every day*

Choose a word you would like to work on and use, practice it in different sentences. Use the word until you have learnt it and keep using it regularly.

### *Watch films*

Watch movies in English and pay attention to new vocabulary and pronunciation. Imitate the actors and have fun with it.

### *Make friends*

Make friends with English speakers or others learning to speak English and compare notes. Talk about things that you have learnt and exchange ideas.

### *Do interesting activities in English*

Take a cooking course in English or join a book club! Anything you enjoy doing, make sure you do it and communicate it in English. Using English to talk about things you enjoy will make practising a positive experience.

### *Have a debate*

Debate all the topics that interest you with friends in English. Try to use as much vocabulary as you can to get your point across and listen to the other arguments carefully so you can argue against them effectively.

### *Use a dictionary*

Online dictionaries often have audio examples so you can check your pronunciation and there are lots of great dictionary apps that you can take everywhere with you on your smartphone. Make sure not to become too reliant on these tools, though. Have a go at saying the words first then check afterwards to see if you were right!

So, with all these practice tips to choose from, which one are you going to try first?

# Practice English with Mike

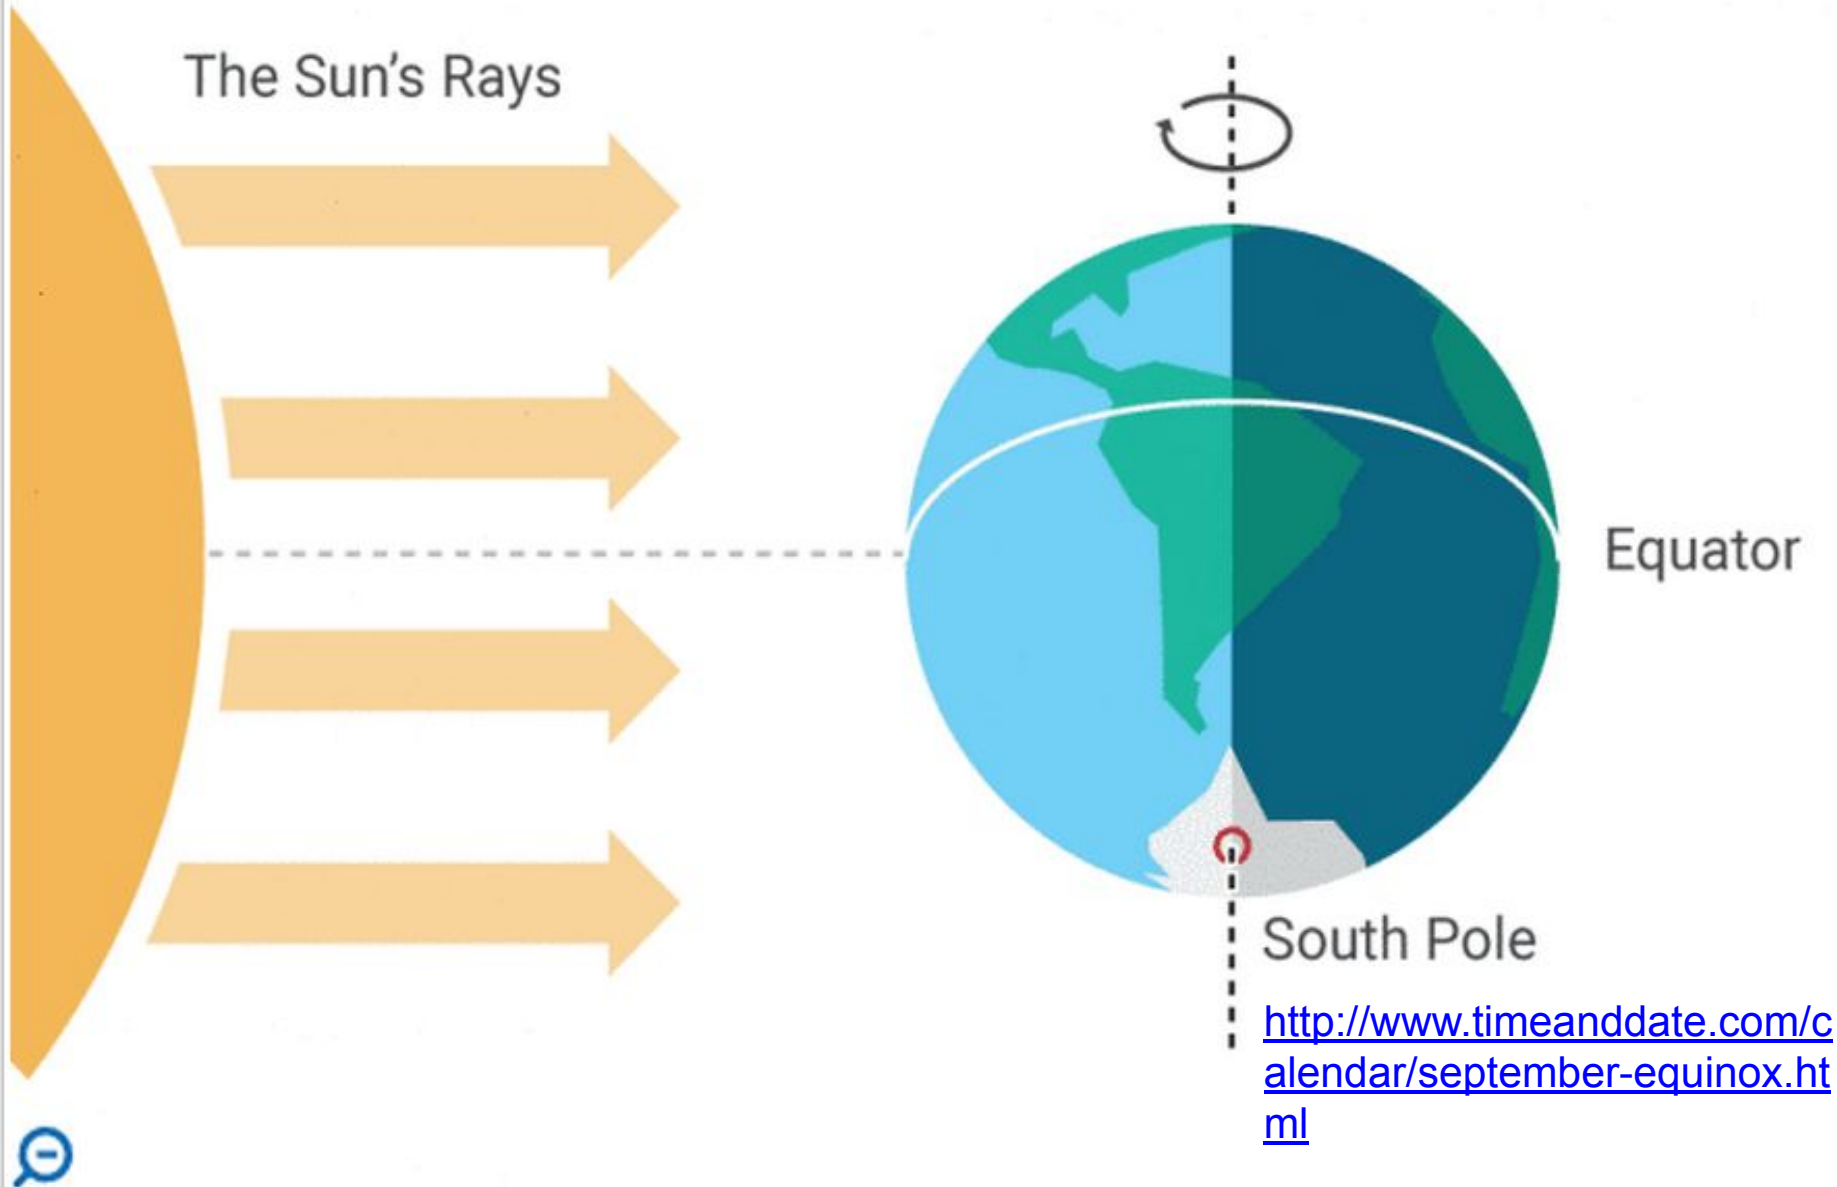

Mike is very smart. You can ask him any questions. When you want to practice the conversations of the topic you are studying at [www.eslfast.com/robot/](http://www.eslfast.com/robot/), type in "Let's practice topic ..." or "I'd like to practice topic ..." You must type the exact name of the topic. e.g. **Let's practice topic Weather (2)**. When you are acting as **A** and Robot Mike is **B**, you must type in the exact sentence in the conversation, including the punctuation. If you make a mistake, it is not controlled practice of the conversation anymore. In that case, you need to type "Let's practice topic ..." again to get the robot back on track.

# What we can tell about it

The Sun's Rays

<http://www.timeanddate.com/calendar/september-equinox.html>

*The Earth's position during the September equinox (ill. not to scale).*

# What we can tell about it

- The September equinox occurs the moment the Sun crosses the celestial equator – the imaginary line in the sky above the Earth's equator – from north to south. This happens either on September 22, 23, or 24 every year.
- On the equinox, night and day are nearly exactly the same length – 12 hours – all over the world. This is the reason it's called an "equinox", derived from Latin, meaning "equal night". However, even if this is widely accepted, it isn't entirely true. In reality equinoxes don't have exactly 12 hours of daylight.

# What we can tell about it

- Сентябрьское равноденствие происходит в момент, когда Солнце пересекает небесный экватор – воображаемую линию в небе над экватором Земли – с севера на юг. Это происходит либо на 22, 23 или 24 сентября каждый год.  
**Rec-01 TUTOR.mp3**
- В равноденствие ночь и день почти точно одинаковой длины – 12 часов – во всем мире. Это причина того, что оно называется "equinox", полученное из Латыни, означающее «равная ночь». Тем не менее, даже если это широко общепринято, оно не является вполне истинным. В реальности равноденствия не имеют точно 12 часов продолжительности дня.  
**Rec-02 TUTOR.mp3**

# TV ads

Or how to make the  
boring things  
interesting and useful

Television advertising: Definition, meaning (in 100 words).

Television advertisement or TV commercial is called commercial or TV ad in US, advert in UK and TVC by industry insiders. It is about relaying a specific social, political or sales pitch in a limited amount of time, broadly ranging in between few seconds to several minutes. More expensive than other form of promotion, it is produced and paid for by the organizations called advertiser or marketer and streamed from a television network. The purpose is to generate demand for a product, service, idea or cause. Advertising regulations define the laws and rules under which a product can be advertised.

Georgia performs 'Hallelujah I Love Him So'  
The Voice UK 2014- Blind Auditions 3 - BBC One.mp4

[bbc.co.uk/thevoiceuk](http://bbc.co.uk/thevoiceuk)

Let me tell you 'bout a girl I know  
She is my baby and she lives next door  
Every mornin' 'fore the sun comes up  
She brings me coffee in my favorite cup  
That's why I know, yes, I know  
Hallelujah, I just love her so

When I'm in trouble and I have no friend  
I know she'll go with me until the end  
Everybody asks me how I know  
I smile at them and say, "She told me so"  
That's why I know, oh, I know  
Hallelujah, I just love her so

Now, if I call her on the telephone  
And tell her that I'm all alone  
By the time I count from one to four  
I hear her [KNOCK-KNOCK-KNOCK-KNOCK]  
on my door

In the evening when the sun goes down  
When there is nobody else around  
She kisses me and she holds me tight  
And tells me, "Daddy, everything's all right"  
That's why I know, yes, I know  
Hallelujah, I just love her so

## Hallelujah, I Love Her So

Материал из Википедии — свободной энциклопедии

«**Hallelujah, I Love Her So**» («Аллилуйя, я так люблю её») — песня в стиле ритм-н-блюз, написанная и впервые исполненная американским музыкантом Рэем Чарльзом. Песня была опубликована в 1956 году в виде сингла (с песней «What Would I Do Without You» на стороне «Б»); позднее она вошла в альбом *Ray Charles* (1957 год). Песня достигла пятой позиции в чарте *Rhythm & Blues Records*. Так же как и более ранние песни Рэя Чарльза «*I Got a Woman*» и «*This Little Girl of Mine*», данная песня в качестве истоков использовала стиль *госпел*, однако характеризуется вполне светским текстом. Песня значительно способствовала популярности Рэя Чарльза, стала весьма известной и впоследствии перепевалась многими знаменитыми исполнителями.

«Hallelujah, I Love Her So» представляет собой своего рода гимн радостным проявлениям любви (в оригинальной версии по ходу развития сюжета оказывается, что речь идёт о любви отца к дочери: «She kisses me and she hold me tight, and tell me „Daddy everything’s all right“» — «Она целует и крепко обнимает меня, и говорит: „Папа, всё хорошо“»). Характерными чертами музыкального оформления являются необычное звучание духовых инструментов и запоминающееся *саксофонное* соло. Продюсером песни выступил Джерри Уэкслер.

Thanks!
