

LIFE OF THE GREAT PEOPLE:

CHARLOTTE BRONTE

Made by Molotova Kate 10”C”

**Charlotte Bronte was born on April 21st
1816 at Thornton, Bradford in
Yorkshire, third child of the six Bronte
children.**

- The major event of her childhood is when her mother, Maria Branwell, died.

A large, ornate chateau with multiple towers and domes, reflected in a body of water at dusk. The chateau features a central tower with a dome and several smaller towers with conical roofs. The building is illuminated from within, and its reflection is clearly visible in the calm water in the foreground. The sky is a deep blue, suggesting twilight.

Conditions there were very bad even by standarts of the time, and it was not long before both Maria and Elizabeth became ill enough to be sent home, where they both died of consumption in the spring of 1825.

- In 1824 she attended the newly opened Clergy Daughters' School at Cowan Bridge. In June 1825 Charlotte and her sisters were finally taken away from the school for good.
