

There are so many musical styles in our life. For example: rap, pop, rock, techno music, alternative, disco music, and, of course, classic music. Different people like different music.

As for me, my favorite band is "Linkin Park". This is a young group. It was formed in 1996. I consider that "Linkin Park" is absolutely new direction of music. They can mix different styles: rock and rap, heavy metal and alternative music.

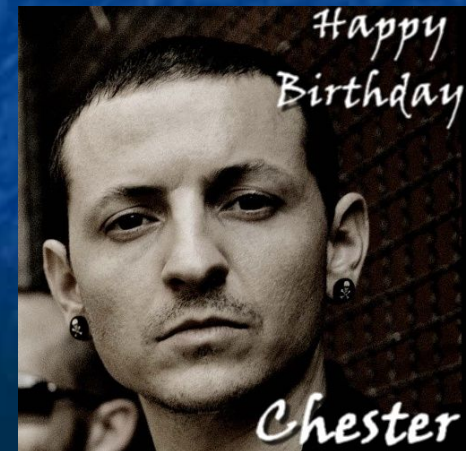

They released 9 albums. My favorite song is “Numb”. I like this band because their music energetic. Every their song is whole life.

There are six men in this group: Chester Bennington, Mike Shinoda, Rob Burdon, David Farrell, Bred Delson and Joe Hahn.

The most talented person of the group is Chester Bennington. He writes poems and composes music. Also I like him because he overcame his drug addiction and made his musical career.

**Due to my interest in this group, I
meet many people, which also like
"Linkin Park" and which became my
friends.**
