

My ideal school

My ideal school is near the city center.

It's a day school for boys and girls.

There isn't a uniform and there aren't any rules. The school has got a computer room, music room, recording studio, language laboratory, dance studio and football pitch. There is an olympic swimming pool with an aquapark too.

Instead of books, every student has got a laptop with access to Internet.

In every the classroom is the tactile board, form which everyone can use; 30 desks with a comfortable chair; good lighting the room.

During breaks students can order pizza and hot dogs form local restaurant.

**The studnets hasn't got any homework.
They have got optional activities and sports
clubs.**

Every weekend they have trips to countryside and then have competitions in different parts of city or other places.

**Every Friday evening they have a party
and they listen their favorite music.**
